Trosifol® Extra Stiff Pro

Next-generation high stiffness PVB film

Trosifol® Sentry Glass®

The SentryGlas® ionoplast interlayer is five times stronger and up to 100 times stiffer than conventional laminating materials.

Trosifol® Ultra Clear

Trosifol® UltraClear is a highly transparent PVB film with medium-to-superior adhesion for laminated safety glass in architectural glazing.

Trosifol® SpallShield® CPET

Trosifol® Spallshield® CPET comprises a PET layer with an extremely durable scratch-resistant hard coat, which delivers durability, chemical resistance, and a high-quality appearance that is virtually indistinguishable from glass.

Butacite G

Interlayers are 100% recycled PVB available in clear and color for automotive and architectural use

Acoustic Glazing

Sound-Control PVB films offer outstanding sound attenuation properties, achieving improvements in sound insulation of up to 3 dB.

EXPERIENCE PRECISION AND
DURABILITY WITH **LCH**

HIGH SPEED DOUBLE EDGING MACHINE

Double Production, Half the Power

✓ Patented technology processes two glass sizes at once, saving time and electricity.

Heavy-Duty Steel Structure

✓ High-speed stability and durability ensured by extra-thick machine frames—used by only a few elite manufacturers.

Premium Components

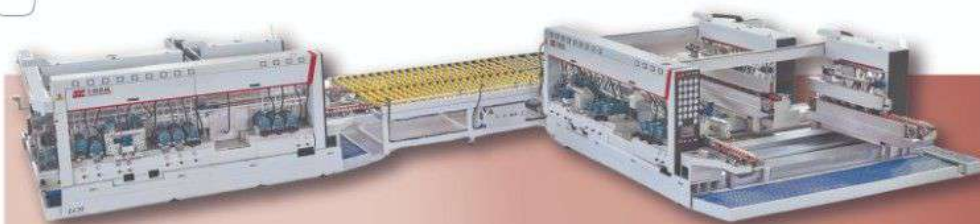

✓ Built with ABB motors, Bosch guide rails, Barberi belts—delivering unmatched performance and longevity.

Over 17 Years of Proven Excellence

✓ Globally trusted with more than a decade of successful installations across India and worldwide.

Global Standards Indian Trust

✓ Delivers consistent day-one performance even after 10+ years, earning 100% repeat customers in India.

Horizontal Forced Convection Glass Tempering Furnace

BolayMac is one of the professional and reputed companies of China, supplying glass machinery (Pre-processing machinery-CNC Cutting Line, Double Edger Line, Bevelling Machine, Straight-line Edger, Drilling Machine, Shape-edging Machine, Washing Machine, Sandblasting Machine, and processing machinery like Tempering Line, Lamination Line and Insulating Line) to many countries like Turkey, Singapore, UK, US, Saudi Arabia, Palestine, Azerbaijan, Georgia, Lebanon, Chile, Paraguay, and India.

BolayMac mainly provides standard and non-standard equipment for glass processing industries such as architectural glass, automotive glass and home appliance glass. In addition to equipment, BolayMac has rich experience of more than a decade in planning and delivering complete end-to-end solutions to glass processors and assisting in consulting of right machinery, providing prompt and economical after sales service such as installation, training, maintenance and on-going support to satisfy all glass processors' needs.

We believe that the nature of modern business, where BolayMac acts as an aggregator and becomes a professional platform (bridge) between Chinese local suppliers and oversea clients, brings modern technology in the glass Industry, sets new standards and assists customers reach new heights. As they thought were extremely stressful.

चालू वित्त वर्ष 2025-26 की दूसरी तिमाही जुलाई-सितम्बर, 2025 के दौरान घरेलू निर्मित फ्लोट ग्लास की मांग में सुस्ती के कारण कीमतों में भी गिरावट

चालू वित्त वर्ष 2025-26 की दूसरी तिमाही (जुलाई-सितम्बर, 2025) के दौरान घरेलू मार्केट में क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास, लेकड ग्लास, मिरर की मांग में सुस्ती होने के कारण घरेलू निर्मित फ्लोट ग्लास की कीमतों में निरन्तर गिरावट जारी है। जुलाई-सितम्बर, 2025 के दौरान ऑटोमोबाइल ग्लास उद्योग को छोड़कर कन्सट्रक्शन उद्योग एवं रिटेल मार्केट में गत तिमाही के दौरान मंदी का रूख देखने को मिला। मार्केट सूत्रों के अनुसार जुलाई-सितम्बर, 2025 के दौरान फ्लोट ग्लास की मांग में लगभग 20 प्रतिशत की गिरावट दर्ज की गयी है, जिसके कारण घरेलू निर्मित फ्लोट ग्लास की कीमतों में भी गिरावट दर्ज की जा रही है। लेकिन आगामी समय में फ्लोट ग्लास की मांग एवं कीमतें बढ़ने की शीघ्र ही पूर्ण सम्भावना है।

विदित हो, प्रत्येक वर्ष मानसून की अवधि के दौरान कन्सट्रक्शन के क्षेत्र में कार्य या तो बन्द हो जाते हैं या फिर धीमी गति के साथ

चलते हैं। अस्तु: इस वर्ष तो देश के अधिकतम राज्यों में भारी वर्षा के साथ-साथ बाढ़ की स्थिति बनी रही है, जिसके परिणामस्वरूप मुख्य रूप से कांच की खपत के घटक के रूप में कन्सट्रक्शन उद्योग के क्षेत्र जैसे - पंजाब, उत्तराखण्ड, हिमाचल प्रदेश, राजस्थान, उत्तर प्रदेश, मध्य प्रदेश, महाराष्ट्र, गुजरात, छत्तीसगढ़ आदि-आदि राज्यों में स्थिति बहुत ही खराब रही है। यह भी विदित हो, हमने भी इस अवधि (जुलाई- सितम्बर, 2025) के दौरान पश्चिम बंगाल, असम, राजस्थान, महाराष्ट्र, कर्नाटक, हरियाणा एवं राष्ट्रीय राजधानी क्षेत्र का दौरा किया तो हमको भी मार्केट में सुस्ती का रूख स्पष्ट रूप से दिखायी दिया।

गौरतलब है, कि जुलाई-सितम्बर, 2025 के दौरान क्लीयर फ्लोट ग्लास की प्रचलित थोक कीमतें 4 एम.एम. से 6 एम.एम. क्रमशः 50, 48, 46, एवं 8 एम. एम. से 12 एम. एम. क्रमशः 54, 52, 50 रुपये प्रति एम.एम. प्रति वर्ग मीटर के आस-पास दर्ज की गयी है। इस प्रकार इस तिमाही के दौरान हर महीने 2-2 रुपये प्रति एम.एम. प्रति वर्ग मीटर के हिसाब से कीमतों में गिरावट हुई है। मार्केट सूत्रों के

अनुसार जुलाई-सितम्बर, 2025 के दौरान घरेलू निर्मित फ्लोट ग्लास के साथ-साथ आयातित क्लीयर फ्लोट ग्लास की मांग में भी कमी आयी है, जिसके कारण आयातित फ्लोट ग्लास जुलाई एवं अगस्त माह में क्रमशः 25,000 एवं 22,000 टन के लगभग आयात हुआ है।

यह भी विदित हो, वर्तमान में उत्पादन-लागत के दृष्टिकोण से भारतीय फ्लोट ग्लास उद्योग एक बेहद जटिल, पेचीदगी पूर्ण एवं विषम परिस्थितियों के नाजुक दौर से गुजर रहा है। देशीय कांच उद्योग पर सुरसा की तरह तीव्र गति से उत्पादन-लागत का भारी-भरकम बोझ निरन्तर बढ़ता जा रहा है। क्योंकि कांच मैलिंग में प्रयुक्त कच्चे माल के रूप में - सोडा एश, सिलिका सैण्ड, फेल्सफार, डोलोमाइट एवं क्वाड्रस पाउडर, प्राकृतिक गैस, पानी के साथ-साथ ट्रांसपोर्टेशन, बिजली, मजदूरी, वेतन, की कीमतों में भी आशातीत उल्लेखनीय वृद्धि हुई है, लेकिन बढ़ती हुई उत्पादन लागत के मुताबिक कांच की कीमतों में वृद्धि नहीं हो पा रही है। जब-जब निर्माता कम्पनी अपने उत्पाद की कीमतें बढ़ाते हैं अथवा बढ़ाने का प्रयास करते हैं उसमें कम ही सफल हो पाते हैं।

भारत विश्व के भूमण्डल में सबसे अधिक तीव्र गति के साथ बढ़ती हुई अर्थव्यवस्था

भारत की वृद्धि दर 6.9% तक रहेगी

नई दिल्ली। फिच रेटिंग्स एजेंसी ने जून तिमाही की मजबूत वृद्धि और घरेलू मांग के चलते चालू वित्त वर्ष के लिए जीडीपी वृद्धि दर के अनुमान को बढ़ाकर 6.9 प्रतिशत कर दिया है। पहले 6.5 प्रतिशत का अनुमान लगाया था।

फिच पहली एजेंसी है, जिसने 2025-26 के लिए भारत के वृद्धि दर के अनुमान को बढ़ाया है। अपने सितंबर के वैश्विक आर्थिक परिदृश्य में रेटिंग एजेंसी ने कहा कि चालू वित्त वर्ष की मार्च और जून तिमाहियों में आर्थिक गतिविधियों में

तेजी से वृद्धि हुई है। वास्तविक जीडीपी वृद्धि दर जनवरी-मार्च के 7.4 प्रतिशत से बढ़कर अप्रैल-जून में सालाना आधार पर बढ़कर 7.8 प्रतिशत हो गई है।

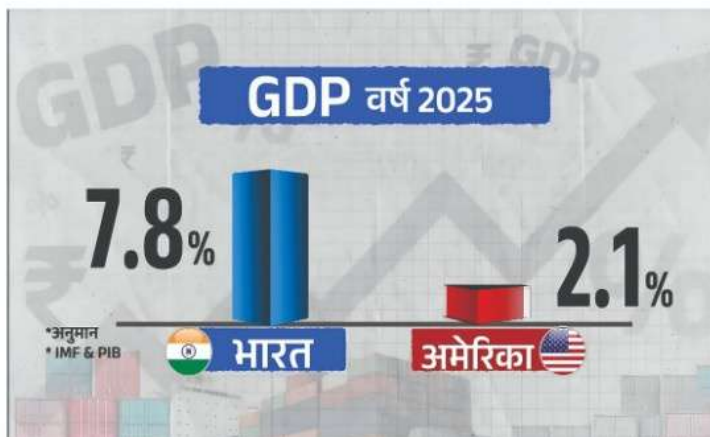

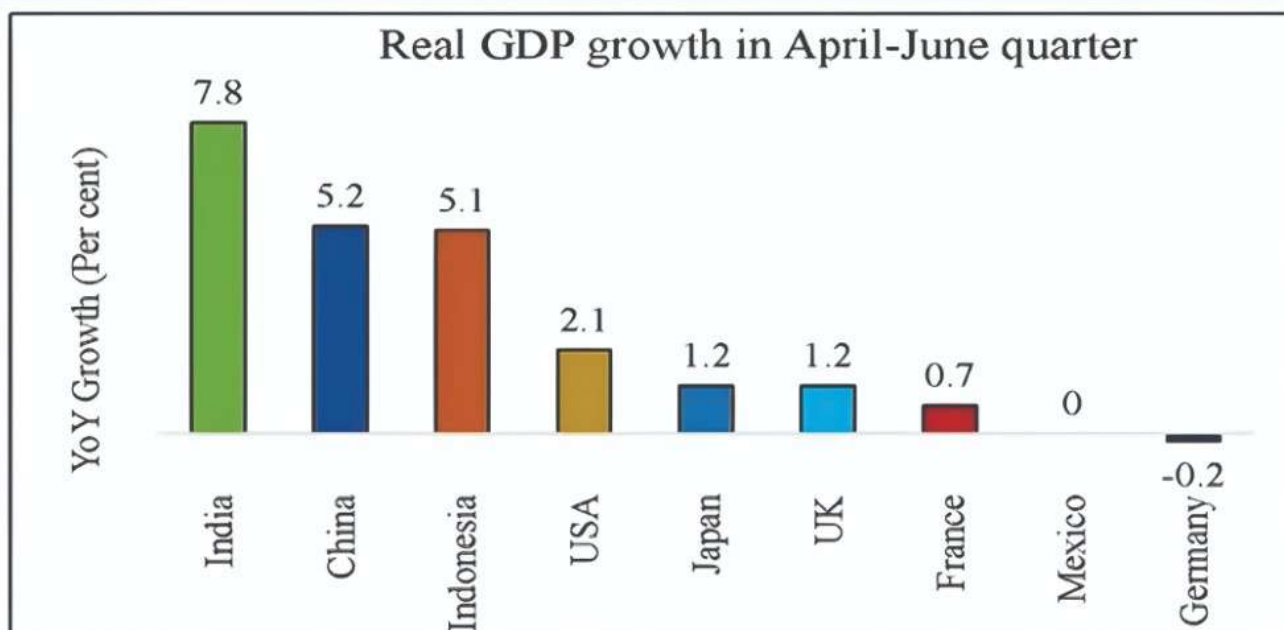

GDP के मोर्चे से अच्छी खबर

Gold Plus Group at the NDTV Real Estate Conclave

Gold Plus Group is proud to share that **Mr. Aashish Tyagi, Director**, recently represented the company at the prestigious NDTV Real Estate Conclave, an exclusive platform that brought together leading voices, innovators, and visionaries from the real estate and construction ecosystem.

In his address, Mr. Tyagi emphasized how Gold Plus is strategically aligning its manufacturing capacities with the rapidly expanding demands of the real estate sector. With large-scale production facilities backed by a future-ready approach, the company is well positioned to

meet both high-volume requirements and premium quality standards across India.

He highlighted the brand's diverse product portfolio, catering to a broad spectrum of architectural needs from solar control reflective and tinted glass for striking facades to clear float, frosted, and decorative glass for modern interiors.

A key focus of his talk was Gold Plus commitment to sustainability and clean energy. The company has set up a 300 TPD solar glass plant to support the government's "Har Ghar Solar" initiative, with further capacity expansions already in the pipeline.

Mr. Tyagi also shed light on the role of new-generation leadership at Gold Plus blending the wisdom of legacy with a fresh perspective and underscored ongoing investments in a state-of-the-art R&D center dedicated to creating indigenous glass solutions for the construction industry.

Ozone Partners with Asia Cup 2025 as Gold Sponsor

Ozone, India's leading brand in architectural hardware solutions, proudly announces its association as the Gold Sponsor for the Asia Cup 2025.

The Asia Cup is one of the most prestigious tournaments in world cricket, uniting top nations and captivating millions of fans worldwide. Through this partner-

ship, Ozone takes its brand campaign 'Ozone Makes The World Go O' featuring Ranbir Kapoor & Kriti Sanon, to a global stage, celebrating the shared values of strength, endurance, precision, and passion that define both cricket and Ozone's 25 years legacy of excellence.

As part of the association, Ozone will be prominently visible

throughout the tournament – from giant screens to the toss mat and perimeter branding, ensuring a strong presence inside stadiums and across global television broadcasts.

Mr. Alok Aggarwal, Managing Director at Ozone Overseas, said:

"For over 25 years, Ozone has been synonymous with innovation, durability, and trust. Just as cricket demands consistency and precision under pressure, our solutions are engineered to perform flawlessly in the toughest environments. Partnering with the Asia Cup allows us to bring this shared spirit of resilience and excellence to millions of fans worldwide."

With a strong portfolio spanning Kitchen & Furniture Fittings, Glass Fittings, Door

Hardware, Safes & Locks, Ozone has established itself as a trusted global brand. Its solutions are known for combining design, performance, and reliability, setting benchmarks across India and International markets. We are excited to engage with cricket fans across the globe, showcasing not just our products, but the values of reliability, precision, innovation, and excellence that have defined the brand for over 25 years. Through this platform, Ozone aims to strengthen trust with our audience while celebrating the spirit of the game alongside millions of fans worldwide.

As cricket fever sweeps the continent, fans can look forward to experiencing the Asia Cup 2025 with Ozone at the heart of action, a partnership that unites sport, innovation, and excellence.

SAINT-GOBAIN BEGINS CONSTRUCTION OF NEW FLOAT GLASS AND INSULATION LINES IN CHENNAI

Saint-Gobain today announced the commencement of construction of its **7th float glass line** and **5th mineral wool insulation line** in Oragadam, **Chennai**. This expansion marks a significant milestone, reinforcing the Group's strategic commitment to strengthen local manufacturing capabilities and grow in the Indian market.

The **new float glass facility** will have a production capacity of **1,000 tonnes per day**, significantly boosting Saint-Gobain's ability to meet the growing demand for high value-added glass in the construction market. Aligned with Saint-Gobain's global sustainability goals, the new float line is designed to minimize energy consumption and environmental impact, while integrating advanced digital capabilities for operational excellence and superior product quality.

Following the acquisition of Rockwool India (Rockinsul) and UP Twiga (Twigainsul), Saint-Gobain has rapidly expanded its insulation business in India. The **5th mineral wool insulation plant** will be its largest investment in Asia-Pacific, with a production capacity of **50,000 tonnes**. This near **net-zero carbon** facility will serve the growing insulation needs in building construction across India and feature the latest digital and engineering innovations to deliver superior insulation solutions for the growing Indian market.

Speaking on the occasion, **Sreedhar N., Senior Vice-President and CEO – Asia Pacific and India**, said, *"Saint-Gobain is uniquely positioned to serve the Indian construction market with a comprehensive portfolio of solutions that are both light and sustainable. Our commitment to local manufacturing, coupled with state-of-the-art facilities, including a dedicated R&D centre, empowers us to adapt our solutions to the evolving needs of our customers. The two new investments, leveraging advanced engineering and industry 4.0 technologies, will further enhance our ability to deliver high-performance and differentiated solutions to our customers, aligning seamlessly with our commitment to innovation and excellence."*

The Oragadam site is poised to become Saint-Gobain's **largest multi-business manufacturing hub** that will house facilities for float glass, mineral wool insulation, gypsum plasterboards, plasters and acoustic ceilings.

About Saint-Gobain

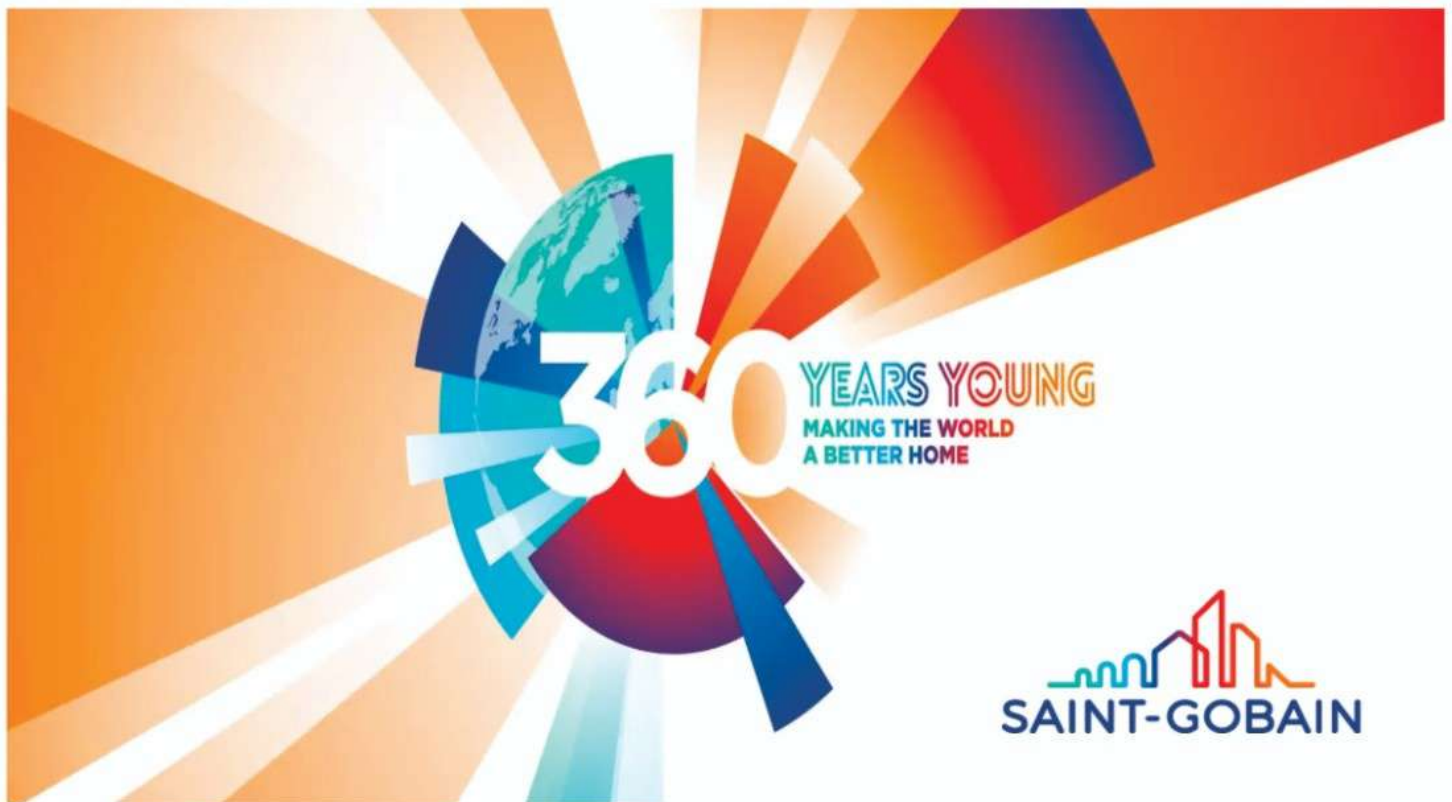

Worldwide leader in light and sustainable construction, Saint-Gobain designs, manufactures and distributes materials and services for the construction and industrial markets. Its integrated solutions for the renovation of public and private buildings, light construction and the decarbonization of construction and industry are developed through a continuous innovation process and provide sustainability and performance. The Group, celebrating its 360th anniversary in 2025, remains more committed than ever to its purpose "MAKING THE WORLD A BETTER HOME".

€46.6 billion in sales in 2024

More than 161,000 employees, locations in 80 countries

Committed to achieving net zero carbon emissions by 2050

BUSINESS TOO BIG FOR ONE DAY

**4-7
DEC
2025** | BOMBAY EXHIBITION
CENTRE (NESCO)
MUMBAI

22nd International Trade Fair on Glass Production, Processing, Technologies & Products

Join us at the 22nd ZAK Glass Technology Expo, where the latest advancements in glass processing machinery — from cutting tables and insulating glass lines to advanced double edgers — will be showcased alongside innovative glass products and accessories. As the industry's leading platform for knowledge exchange and trend insights, the expo is an essential opportunity for professionals seeking to stay ahead in the evolving glass industry.

EVENT HIGHLIGHTS

- Latest technology for production & processing of glass
- Over 150 exhibiting brands from across 20 countries
- Extensive display profile covering glass products, hardware, accessories, etc.
- Live display of glass processing equipments

21st International Trade Fair on Doors, Windows, Façades, Technologies, Components & Products

The 21st ZAK Doors & Windows Expo brings the latest technological advancements across doors, windows, and façades — featuring uPVC and aluminium profiles, advanced hardware, cladding materials, software solutions, and finely engineered finished products. Beyond an exhibition, it is a comprehensive platform that unites every critical component shaping modern architecture. Experience the materials, systems, and ideas that are redefining the built environment.

EVENT HIGHLIGHTS

- Latest products, systems & solutions for façade & fenestration
- 250+ exhibiting brands from across 25 countries
- Extensive display profile covering solutions for aluminium, uPVC, railings, cladding & steel doors
- Live display of machines for processing of doors, windows & curtain wall

नन्मूल ग्लास वर्क्स द्वारा उत्पादन क्षमता में वृद्धि

कम्पनी निदेशक सर्वश्री सागर मित्तल एवं समर मित्तल साथ में इस पत्रिका के कार्यकारी सम्पादक अभिषेक शर्मा

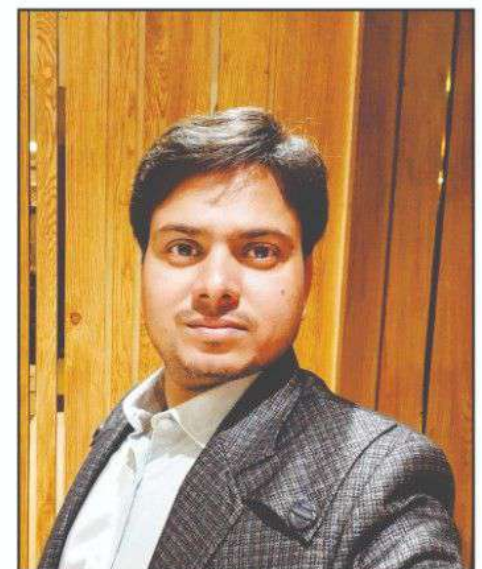

‘सुहाग नगरी’ के नाम से देश में विख्यात फिरोजाबाद, (उत्तर प्रदेश) स्थित प्रतिष्ठित एवं चुनिन्दा फिगर्ड ग्लास निर्माता कम्पनियों में गणना की जाने वाली फिगर्ड ग्लास निर्माता कम्पनी मैसर्स नन्मूल ग्लास वर्क्स, जो गत् 12 वर्षों से समस्त प्रकार के क्लीयर एवं अभिनव डिजाइन्स के फिगर्ड ग्लास निर्माण में संलग्न है और जिसकी वर्तमान में उत्पादन क्षमता लगभग 100 टन प्रतिदिन है, ने मांग के अनुरूप अपने कारोबार का और अधिक विस्तार करते हुये अपनी उत्पादन क्षमता में लगभग 50 टन प्रतिदिन की वृद्धि की है।

विदित हो, कम्पनी की उक्त फर्नेस में उत्पादन के उद्देश्यों हेतु दो लाइन के विकल्प पहले से ही मौजूद थे, लेकिन कम्पनी प्रबन्धकों ने अभी तक उक्त फर्नेस से केवल एक ही लाइन से उत्पादन किया, लेकिन अभी हाल ही

में कम्पनी की फर्नेस में एक और लाइन जोड़ दी है, जिससे सितम्बर, 2025 से 50 टन प्रतिदिन की उत्पादन क्षमता और बढ़ गयी है, वर्तमान में कम्पनी की अब कुल उत्पादन क्षमता 150 टन प्रतिदिन के लगभग हो गयी है और अब कम्पनी की उत्पादन क्षमता में वृद्धि हो जाने के पश्चात् जो देशीय मार्केट में बढ़ती हुई मांग के अनुरूप सप्लाई करने में प्रॉब्लम महसूस हो रही थी, अब वह नहीं रहेगी तथा आगामी समय में कम्पनी अपने मूल्यवान ग्राहकों / डीलर्स को उनकी मांग के अनुसार फिगर्ड ग्लास की सप्लाई करने में और भी सक्षम हो गयी है। कम्पनी अपने कारोबार का समय-समय पर विस्तार करती रहती है, जिसमें कम्पनी ने अगस्त, 2024 में पहली बार ग्रे कलर फिगर्ड ग्लास के उत्पादन का भी शुभारम्भ किया और जिसको मार्केट में काफी हद तक पसन्द भी किया जा रहा है।

फिरोजाबाद के दौरे पर गये इस पत्रिका के कार्यकारी सम्पादक अभिषेक शर्मा एवं उप सम्पादक राजा भारद्वाज को एक विशेष मुलाकात के दौरान कम्पनी निदेशक श्री सागर मित्तल, श्री समर मित्तल एवं राष्ट्रीय मुखिया (सेल्स एण्ड मार्केटिंग) श्री पीयूष शर्मा ने जानकारी देते हुए बतलाया कि हमारी कम्पनी कलर फिगर्ड ग्लास के साथ-साथ विभिन्न प्रकार के मनमोहक डिजाइन्स का निर्माण कर रही है, जिसमें मार्केट के पसन्दीदा डिजाइन्स में PINHEAD, KEMPT, SPARKLE, JOY, OPAQUE, CUBE, DAISY, KOHINOOR, HEXALINE & ANARKALI शामिल हैं।

‘एफ एम’ ग्रुप लगभग तीन दशक के अधिक समय से कांच-कारोबार में संलग्न है और इस ग्रुप की विभिन्न कम्पनियों में मैसर्स नन्मूल ग्लास वर्क्स के अतिरिक्त कई अन्य कम्पनियां (फारुखी ग्लास इण्डस्ट्रीज, जुपीटर ग्लास वर्क्स प्रा0 लि0, एफ.एम. इन्फ्रासिटी प्रा0 लि0 एवं वेद ग्लास इण्डस्ट्रीज) शामिल हैं।

कम्पनी के राष्ट्रीय मुखिया (सेल्स एण्ड मार्केटिंग) श्री पीयूष शर्मा

कम्पनी की सेल्स एण्ड मार्केटिंग टीम के सदस्य बायें से दायें -
सर्वश्री विवेक गौतम, आशुतोष दीक्षित, विष्णु गोस्वामी, विवेक शर्मा, पीयूष भारद्वाज एवं संजीव यादव

‘एफ एम’ ग्रुप ने अपने गत तीन दशक के कारोबारी कार्यकाल में अभूतपूर्व व्यावसायिक प्रगति करते हुये अच्छी- खासी गुडविल भी अर्जित की है।

विदित हो, वर्तमान में फिगर्ड ग्लास उद्योग का जो दौर चल रहा है वह इतिहास में स्वर्ण अक्षरों में लिखा जायेगा क्योंकि फिगर्ड ग्लास की कीमतें काफी उच्च स्तर पर दर्ज की जा रही हैं। कम्पनी प्रबन्धकों की भी यही सोच रही होगी कि इस समय फिगर्ड ग्लास के उत्पादन को बढ़ाया जाये, जिससे देश में बढ़ती हुई फिगर्ड ग्लास की मांग में अपना भी योगदान दे सकें और साथ ही साथ आकर्षक कीमतों के माध्यम से अधिक लाभ-मार्जिन भी अर्जित कर सकें। यह भी विदित हो, कि देश में दिन-प्रतिदिन फिगर्ड ग्लास की मांग कम हो रही है, लेकिन इतनी भी कम नहीं हो रही, जितना कि उत्पादन कम हो गया है। कम्पनी प्रबन्धकों ने “उचित समय पर, उचित निर्णय लिया” और

समय के अनुरूप अपने फिगर्ड ग्लास प्लान्ट में एक और लाइन स्थापित करके अपनी उत्पादन क्षमता में वृद्धि की है।

वर्तमान में भारतीय फिगर्ड ग्लास उद्योग में लगभग 750 टन प्रतिदिन उत्पादन क्षमता के साथ चार निर्माता कम्पनियां - गोपाल ग्लास वर्क्स लि०, त्रिवेणी पैटर्न ग्लास प्रा० लि०, सुमंगल ग्लास प्रा० लि०, एवं नन्मूल ग्लास वर्क्स उत्पादनरत हैं और इनके द्वारा निर्मित क्लीयर एवं रंगीन फिगर्ड ग्लास तथा विभिन्न प्रकार के डिजाईनर ग्लासेज में मांग के आधार पर एक तालमेल बना हुआ है, जिसकी बढ़ती मांग और पूर्ति में सम्यक सामंजस्य के कारण उक्त उद्योग का कारोबारी प्रदर्शन संतोषप्रद है और टफ कास्ट उत्पाद होते हुए भी कीमतें लगभग फ्लोट ग्लास के समतुल्य हैं।

मैसर्स नन्मूल ग्लास वर्क्स के राष्ट्रीय मुखिया श्री पीयूष शर्मा उक्त कम्पनी में उत्पादन के शुभारम्भ से ही कार्यरत हैं और जिनकी

मार्केट में मजबूत पकड़ बनी हुई है तथा देशीय कांच व्यापारी इनकी कार्यशैली एवं व्यवहार-कुशलता से बेहद प्रभावित भी हैं। श्री पीयूष शर्मा लम्बे समय (12 वर्षों) से पूर्ण वफादारी एवं लगनशीलता के साथ ‘एफ एम’ ग्रुप की सहयोगी कम्पनी मैसर्स नन्मूल ग्लास वर्क्स में कार्यरत हैं और इनका व्यक्तित्व अत्यन्त प्रभावशाली है और देशीय कांच - कारोबार के क्षेत्र में व्यापारी / उद्यमी इनकी लगनशीलता, एवं उत्तर-दायित्वों को पूर्ण जिम्मेवारी के साथ निभाने के कारण इन्हें बेहद आदर की नजर से देखते हैं और पूरा सम्मान भी देते हैं। कहने का तात्पर्य यह है कि नन्मूल ग्लास वर्क्स की सेल्स एण्ड मार्केटिंग टीम अत्यन्त सशक्त है जिसमें सर्वश्री विवेक गौतम, आशुतोष दीक्षित, विष्णु गोस्वामी, विवेक शर्मा, पीयूष शर्मा एवं संजीव यादव शामिल हैं, जो कम्पनी की सेल्स एण्ड मार्केटिंग व्यवस्था का पूरी जिम्मेवारी के साथ निर्वाह कर रहे हैं।

अग्रवाल टफन्ड ग्लास द्वारा दूसरी आयातित, उन्नत तकनीकीयुक्त इन्सुलेटिंग ग्लास लाइन से उत्पादन प्रारम्भ

कम्पनी के गतिशील निदेशक श्री महेश अग्रवाल

जयपुर, रामचन्द्रपुरा इण्डस्ट्रीयल एरिया सीतापुरा स्थित उत्तरी भारत की अत्यन्त प्रगतिशील एवं लब्धप्रतिष्ठित प्रोसेसिंग कम्पनी मैसर्स अग्रवाल टफन्ड ग्लास इण्डिया लि0, जो गत् नौ वर्षों से अत्याधुनिक निर्माण सुविधाओं से युक्त विश्वस्तरीय टेम्पर्ड, इन्सुलेटिड एवं

लेमिनेटिड सेपटी ग्लास के निर्माण में संलग्न है, ने अपने कारोबार का पुनः भारी विस्तार करते हुये अभी हाल ही में चीन स्थित 'WEILI' कम्पनी से यूनिट-2 के अन्तर्गत एक अत्याधुनिक, उन्नत तकनीकीयुक्त ग्लास लाइन स्थापित की है, जिससे सितम्बर, 2025 से

'AGARWAL' ब्राण्ड से उच्च गुणवत्तायुक्त इन्सुलेटिड ग्लास का निर्माण किया जा रहा है। इस इन्सुलेटिंग ग्लास लाइन से 2900 एम.एम. X 5100 एम.एम. के अधिकतम साइजेज तक के इन्सुलेटिड ग्लास का निर्माण किया जा सकता है।

मैसर्स अग्रवाल टफन्ड ग्लास इण्डिया लि0 के सघन अनुभवी, गतिशील एवं दूरदृष्टिपूर्ण निदेशक श्री राजेश अग्रवाल एवं श्री महेश अग्रवाल ने जयपुर दौरे पर गये इस पत्रिका के मुख्य सम्पादक श्री उमेश दत्त शर्मा एवं कार्यकारी सम्पादक अभिषेक शर्मा से एक विशेष मुलाकात के दौरान बात-चीत करते हुये बतलाया कि हमारी कम्पनी ने मार्केट में इन्सुलेटिड ग्लास की बढ़ती हुई मांग को पूरा करने के उद्देश्यों हेतु यूनिट-2 के अन्तर्गत भी उक्त इन्सुलेटिंग ग्लास लाइन स्थापित की है, जिससे हम अपने मूल्यवान ग्राहकों के साथ-साथ प्रोजेक्ट्स में भी शीघ्र- अतिशीघ्र सप्लाई कर सकें।

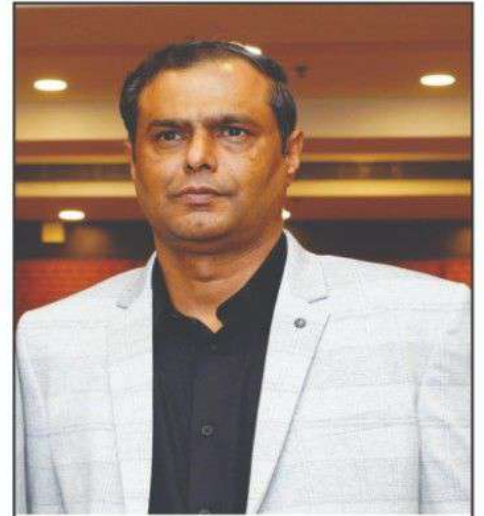

विदित हो, बिल्डिंग स्ट्रक्चर्स में इन्सुलेटिड ग्लास का उपयोग जहां एक तरफ

कम्पनी द्वारा स्थापित इन्सुलेटिंग ग्लास लाइन का एक चित्र

बिल्डिंग के अंदर अवांछित भयंकर गर्मी को बाधित करता है, वहीं दूसरी तरफ शौर प्रदूषण पर भी अंकुश लगाता है। देश में विद्युत संकट हमेशा बना रहता है। बिल्डिंग्स में इन्सुलेटिड ग्लास के उपयोग से विद्युत बचत के माध्यम से काफी हद तक देशीय विद्युत संकट को भी कम किया जा सकता है। इन्सुलेटिड ग्लास की उक्त अन्तर्निहित विशेषताओं एवं उपयोगिताओं के

कारण देशीय मार्केट में इन्सुलेटिड ग्लास के उपयोग की प्रचुर सम्भावनाएं व्याप्त हैं, एवं साथ ही साथ दिन- प्रतिदिन, वर्ष-दर-वर्ष इन्सुलेटिड ग्लास की मांग में अभूतपूर्व वृद्धि हो रही है। इन्हीं सम्भावनाओं के मद्देनजर हमारी कम्पनी ने दूसरी इन्सुलेटिंग ग्लास लाइन की स्थापना करके इन्सुलेटिड ग्लास के निर्माण का शुभारम्भ किया है।

कम्पनी के दूरदृष्टिपूर्ण निदेशक
श्री राजेश अग्रवाल

कम्पनी का एक संक्षिप्त परिचय

मैसर्स अग्रवाल टफन्ड ग्लास इण्डिया लि0 ने अपने नौ वर्षीय ग्लास प्रोसेसिंग उद्यम के कारोबारी कार्यकाल में अभूतपूर्व व्यावसायिक प्रगति की एक ऐसी मिसाल पेश की है, जो अन्यत्र देखने में कम ही आती है। विदित हो, जहां कम्पनी ने जून, 2016 में 'लैण्ड ग्लास' की टेम्परिंग फर्नेस के माध्यम से ग्लास प्रोसेसिंग उद्यम के कारोबार में प्रवेश किया था। तत्पश्चात् अपने कारोबार का शीघ्रता के साथ 'WEILI' से एक इन्सुलेटिंग ग्लास लाइन, 2021 में HANGDONG, चीन से आयातित एक जम्बो साइज (10'x20') पी. वी. बी. (ऑटोक्लेव) लेमिनेटिंग ग्लास लाइन एवं 2023 में चीन स्थित 'MOUNTAIN' कम्पनी से एक जम्बो साइज

टेम्परिंग लाइन (10'x20') आयात की थी, जो सितम्बर, 2023 से उत्पादनरत है। इस प्रकार वर्तमान में कम्पनी के पास डबल प्रोडक्शन कैपेसिटी के साथ दो होरीजोन्टल टेम्परिंग लाइन, दो इन्सुलेटिंग लाइन एवं एक पी वी बी लेमिनेटिड ग्लास लाइन उत्पादनरत हैं।

श्री महेश अग्रवाल ने यह भी बतलाया कि उनकी कम्पनी ने अपनी टेम्परिंग क्षमता में उल्लेखनीय वृद्धि को ध्यान में रखते हुये उन्नत तकनीकीयुक्त अत्याधुनिक प्री-प्रोसेसिंग मशीनरी जो आयात की हैं, उनमें से एक विख्यात ग्लास कटिंग मशीनरी निर्माता कम्पनी 'INTERMAC' से एक 10x20 फुट की ऐसी स्वचालित कटिंग लाइन आयात की है, जो

त्वरित एक्ज्युरेसी एवं पूर्ण सक्षमता के साथ अपना वांछित कार्य करती है दूसरी मशीनरी में 'GOLIVE' का डबल एजर एवं वाशिंग मशीन शामिल हैं।

विदित हो, मैसर्स अग्रवाल टफन्ड ग्लास इण्डिया लि0 की जनक उत्तरी भारत की लब्धप्रतिष्ठित एवं अग्रणी थोक कांच-कारोबारी कम्पनियों/ फर्मों में से एक मैसर्स अग्रवाल फ्लोट ग्लास इण्डिया लि0, जो लगभग 28 वर्षों से समस्त प्रकार के समतल कांच-क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास, थिकर ग्लास, लैक्ड ग्लास, मिरर, फिगर्ड ग्लास आदि के उच्च स्तरीय कारोबार में संलग्न है।

नवस्थापित कम्पनी आईमा ग्लास इण्डिया प्रा० लि० द्वारा अत्याधुनिक उन्नत तकनीकीयुक्त एक साथ तीन प्लान्ट - फ्लेट / बैण्ड टेम्परिंग, इन्सुलेटिंग एवं पी वी बी लेमिनेटिंग ग्लास लाइन से उत्पादन का शुभारम्भ

कम्पनी के सघन अनुभवी, गतिशील एवं दूरदृष्टिपूर्ण प्रबन्ध निदेशक श्री राजू चौधरी

अत्याधुनिक निर्माण सुविधाओं से युक्त विश्वस्तरीय टेम्पर्ड, इन्सुलेटिड एवं लेमिनेटिड ग्लास जैसे - हाई-टेक ग्लास ग्लेजिंग के निर्माण एवं कारोबार में संलग्न जोधपुर स्थित मैसर्स आईमा इण्डस्ट्रीज उत्तरी भारत की एक ऐसी प्रोसेसिंग कम्पनी है, जिसने अल्पकाल में ही अपनी अभूतपूर्व व्यावसायिक प्रगति करते हुए एक मील का पत्थर स्थापित किया है। विदित हो, (दक्षिणी भारत से लेकर उत्तरी भारत तक) 2014 में हैदराबाद (आंध्र प्रदेश) स्थित मैसर्स आईमा ग्लास कॉरपोरेशन एवं 2016 में जोधपुर (राजस्थान) स्थित मैसर्स आईमा इण्डस्ट्रीज के प्रबंध निदेशक श्री राजू चौधरी ने अपनी अनेकों सुस्थापित एवं प्रतिष्ठित फर्मों के माध्यम से गत वर्षों के दौरान समस्त प्रकार के समतल कांच के साथ-साथ प्रोसेसिंग में संलग्न रहे हैं और अभी हाल ही में अपनी उच्चस्तरीय कारोबारी छलांग लगाते हुये सूर्यनगरी के नाम से विख्यात जोधपुर

में एक नई कॉरपोरेट कम्पनी मैसर्स आईमा ग्लास इण्डिया प्रा० लि० की स्थापना की है, जिसके अन्तर्गत अत्याधुनिक उन्नत तकनीकीयुक्त एक साथ तीन प्लान्ट- फ्लेट / बैण्ड टेम्परिंग (आर्किटेक्चुरल एवं ऑटोमोटिव), इन्सुलेटिंग एवं पी.वी.बी. (ऑटोक्लेव) लेमिनेटिंग ग्लास प्लान्ट स्थापित किए हैं, जिससे अक्टूबर, 2025 से 'आईमा' ब्राण्ड से विश्वस्तरीय उच्च गुणवत्तायुक्त समस्त प्रकार के समतल कांच - क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास, शॉवर क्यूबिकल्स, ग्लास फर्नीचर्स, इण्टीरियर्स एवं एक्सटीरियर्स, कर्टेन-वॉलिंग, स्ट्रक्चरल ग्लेजिंग, फ्रेमलैस ग्लास डोर्स / विन्डोज / पार्टीशन्स आदि के विविधकृत उद्देश्यों हेतु 8'X14' साइजेज के 4 एम. एम. से 19 एम. एम. मोटाई तक के टेम्पर्ड / हीट स्ट्रेन्थंड किये जा रहे हैं। कम्पनी ने चीन स्थित 'STRON' कम्पनी से 10.5'x20" की एक

जम्बो साईज ग्लास कटिंग मशीन एवं 'HISENG' से डबल ऐजर मशीन आयात की है।

उक्त नवस्थापित कम्पनी मैसर्स आईमा ग्लास इण्डिया प्रा० लि० का विधिवत उद्घाटन 2 अक्टूबर, 2025 विजयदशमी के दिन पारिवारिक सदस्यों द्वारा पूजा-अर्चना के साथ किया गया। इस शुभ अवसर पर जोधपुर के अतिरिक्त आस-पास के शहरों के कांच व्यापारियों, फैंब्रिकेटर्स, आर्किटेक्ट्स, गणमान्य व्यक्तियों, मित्रों एवं रिश्तेदारों ने उपस्थित होकर उक्त शुभ अवसर की शोभा बढ़ायी और कम्पनी निदेशक श्री राजू चौधरी एवं इनके अनुज श्री मोहन चौधरी को कारोबारी समृद्धि के लिये शुभकामनाएं दीं। श्री राजू चौधरी ने भी सभी अतिथियों के सम्मान में एक शानदार लन्च का भी आयोजन किया।

मैसर्स आईमा ग्लास इण्डिया प्रा० लि० के सघन अनुभवी, गतिशील एवं दूरदृष्टिपूर्ण प्रबन्ध निदेशक श्री राजू चौधरी ने जोधपुर दौरे पर गये इस पत्रिका के मुख्य सम्पादक श्री उमेश दत्त शर्मा एवं कार्यकारी सम्पादक अभिषेक शर्मा को बतलाया कि हमने अपनी आर्किटेक्चुरल रेन्ज को पूरा करने के उद्देश्यों हेतु यूनिट-2 के अन्तर्गत एक टेम्परिंग एवं लेमिनेटिंग ग्लास लाइन के साथ-साथ इन्सुलेटिंग ग्लास लाइन भी स्थापित की है, जिससे हम अपने मूल्यवान ग्राहकों को एक ही छत के नीचे आर्किटेक्चुरल ग्लास की अधिकतम रेन्ज उपलब्ध करा सकें। विदित हो, बिल्डिंग स्ट्रक्चर्स में इन्सुलेटिड ग्लास का उपयोग जहां एक तरफ बिल्डिंग के अंदर

अवांछित भयंकर गर्मी को बाधित करता है, वहीं दूसरी तरफ शौर प्रदूषण पर भी अंकुश लगाता है। देश में विद्युत संकट हमेशा बना रहता है। बिल्डिंग्स में इन्सुलेटिड ग्लास के उपयोग से विद्युत बचत के माध्यम से काफी हद तक देशीय विद्युत संकट को भी कम किया जा सकता है। इन्सुलेटिड ग्लास की उक्त अन्तर्निहित विशेषताओं एवं उपयोगिताओं के कारण देशीय मार्केट में इन्सुलेटिड ग्लास के उपयोग की प्रचुर सम्भावनाएं व्याप्त हैं और वर्ष-दर-वर्ष इन्सुलेटिड ग्लास की मांग में अभूतपूर्व वृद्धि हो रही है। श्री राजू चौधरी ने अपनी बात जारी रखते हुए यह भी बतलाया कि हमारी कम्पनी ने पी वी बी (ऑटोक्लेव) लेमिनेटिंग सेफ्टी ग्लास लाइन भी स्थापित की है, जिससे 2.5 एम.एम. से 19 एम.एम. मोटाई तक के समस्त प्रकार के समतल

कांच - क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास आदि के लेमिनेटिड सेफ्टी ग्लास का भी निर्माण किया जा रहा है, जिसका उपयोग बस / रेलवे कोचेज (ऑटोमोटिव ग्लास) के साथ-साथ डोर्स / विन्डोज, हाउसहोल्ड फर्नीचर्स, किचन एवं बाथरूम सेलव्स, ग्लास स्काई लाइट्स, टेबल टॉप, ग्लास रेलिंग इत्यादि में किया जा सकता है।

विदित हो, विश्व में अन्तर्राष्ट्रीय गुणवत्ता स्पेशिफिकेशन्स के मुताबिक पी.वी.बी. (Poly Vinyl Butryl) के प्रोसेस से बनाये जाने वाले लेमिनेटिड सेफ्टी ग्लास निःसंदेह उत्कृष्ट कोटि का विश्वस्तरीय उत्पाद माना जाता है और इसके निर्माण हेतु महंगी मशीनरी एवं पी.वी.बी. फिल्म की आवश्यकता भी होती है।

कम्पनी का संक्षिप्त परिचय

मैसर्स आईमा इण्डस्ट्रीज टेम्पर्ड ग्लास के निर्माण में गत नौ वर्षों से कार्यरत है, लेकिन फर्म के दीर्घ एवं सघन उद्यमी श्री राजू चौधरी का 32 वर्षीय कांच कारोबारी कार्यकाल अनेकों उल्लेखनीय व्यावसायिक उपलब्धियों से परिपूर्ण रहा है। हैदराबाद (आन्ध्र प्रदेश) से कांच कारोबार का शुभारम्भ करने वाले अत्यन्त उत्साही, गतिशील एवं दूरदृष्टिपूर्ण व्यावसायी / उद्यमी श्री राजू चौधरी जिन्होंने दक्षिणी भारत के हैदराबाद स्थित जानी-मानी लब्ध प्रतिष्ठित ग्लास प्रोसेसिंग (टेम्परिंग) फर्म - मैसर्स नन्दी टफ एवं मैसर्स आईमा ग्लास कारपोरेशन की स्थापना से लेकर वर्ष-दर-वर्ष की गयी व्यावसायिक प्रगति में एक आधार स्तम्भ की भूमिका निभायी है।

विकास पुरुष के नाम से विख्यात श्री राजू चौधरी ने 2016 जोधपुर में एक ग्लास प्रोसेसिंग (टेम्परिंग) फर्म - मैसर्स आईमा इण्डस्ट्रीज एवं आईमा विन्डो क्राफ्ट के नाम से उच्च स्तरीय

कांच कारोबार / उद्यम का शुभारम्भ किया तथा यहां कार्यरत उक्त दोनों फर्मों ने अपने कारोबारी कार्यकाल के दौरान ही अपनी एक विशिष्ट पहचान बना ली और दोनों ही फर्म वर्तमान में व्यावसायिक प्रगति के पथ पर अग्रगामी हैं।

यह सर्वविदित है कि दूरदृष्टिपूर्ण उद्यमी श्री राजू चौधरी इस तथ्य से भली भाँति सुपरिचित हैं कि वर्तमान में प्रचलित तीव्र ग्लोबल व्यावसायिक प्रतिस्पर्धा में क्षेत्रीय आधार पर कारोबार / उद्यम हेतु प्रबल एवं प्रचुर सम्भावनाएं सर्वत्र व्याप्त रहती हैं और उनका उचित समय पर दोहन किया जा सकता है।

मैसर्स 'आईमा इण्डस्ट्रीज' टफण्ड ग्लास के निर्माण के साथ-साथ मैसर्स 'आईमा विन्डो क्राफ्ट' के अन्तर्गत यू पी वी सी डोर्स एवं एल्युमिनियम डोर्स / विन्डोज के निर्माण के कारोबार में भी संलग्न है। इसके अतिरिक्त, फर्म आन्तरिक साज-सज्जा हेतु विभिन्न प्रकार के

कम्पनी के प्रगतिशील निदेशक
श्री मोहन चौधरी

मूल्यवर्धित प्रोसेस्ड कांच एवं कांच उत्पादों - डायमण्ड की तरह क्रिस्टल क्लीयर बैवलड / पॉलिशड ग्लास, डिजिटल प्रिन्टेड ग्लास, ग्लास पिलर्स, आदि अभिनव डेकोरेटिव डिजाइनर ग्लास / मिरर्स के विनिर्माण में भी संलग्न है।

यह भी विदित हो, 'आईमा ग्रुप' का नामकरण श्री राजू चौधरी की कुल देवी 'आई माँ, के नाम पर किया गया है। आई माता मंदिर जोधपुर जिले के बिलाड़ा कस्बे में स्थित एक विश्व-प्रसिद्ध मंदिर है, जो 'अखंड केसर ज्योति' के लिए जाना जाता है। मंदिर की यह ज्योति 650 साल से लगातार जल रही है और इससे काजल की जगह केसर टपकता है, जिसे चमत्कारी माना जाता है। यह मंदिर सिरवी समाज की कुलदेवी आई माता का है, जो अंबा माता का ही एक रूप मानी जाती हैं। यहां हर साल भादव और चैत्र नवरात्रों में विशाल मेले लगते हैं, जिसमें देश-विदेश से श्रद्धालु दर्शन करने आते हैं।

एच टी सी द्वारा आयातित अत्याधुनिक उत्कृष्ट गुणवत्तायुक्त दूसरी होरीजोन्टल टेम्परिंग लाइन से उत्पादन प्रारम्भ

कम्पनी के गतिशील एवं दूरदृष्टिपूर्ण निदेशक श्री हनवन्त डोयल

सूर्यनगरी के नाम से विख्यात जोधपुर (राजस्थान) स्थित उत्तरी भारत की प्रगतिशील प्रोसेसिंग कम्पनियों में से एक मैसर्स एच टी सी टफन्ड ग्लास, जो अत्याधुनिक निर्माण सुविधाओं से युक्त विश्वस्तरीय टेम्पर्ड, इन्सुलेटिड एवं पी.वी.बी. लेमिनेटिड ग्लास के निर्माण में गत 11 वर्षों (14 फरवरी, 2014) से संलग्न है, ने अभी हाल ही में अपने कारोबार का पुनः भारी विस्तार करते हुये LUOYANG EASTTEC GLASS AUTOMATION EQUIPMENT CO. LTD., चीन से एक अत्याधुनिक, उत्कृष्ट गुणवत्तायुक्त होरीजोन्टल टेम्परिंग लाइन स्थापित की है, जिससे अगस्त, 2025 से 'HTC TOUGHENED GLASS' ब्राण्ड से विश्वस्तरीय उच्च गुणवत्तायुक्त समस्त प्रकार के समतल कांच - क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास,

शॉवर-क्यूवीकल्स, ग्लास फर्नीचर्स, इण्टीरियर्स एवं एक्सटीरियर्स, कर्टेन-वॉलिंग, स्ट्रक्चरल ग्लेजिंग, फ्रेमलैस ग्लास डोर्स / विन्डोज / पार्टीशन्स आदि के उद्देश्यों हेतु 10' X 16' साइजेज के 4 एम.एम. से 19 एम.एम. मोटाई तक के टेम्पर्ड / हीट-स्ट्रेन्थंड ग्लास बनाये जा सकते हैं, वहीं साथ ही साथ कम्पनी ने पी.वी. बी. लेमिनेटिंग सेफ्टी ग्लास लाइन 2023 में स्थापित की, जिससे 2.5 एम.एम. से 19 एम.एम. मोटाई तक के समस्त प्रकार के समतल कांच - क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास आदि के लेमिनेटिड सेफ्टी ग्लास का भी निर्माण किया जा रहा है, जिसका उपयोग डोर्स / विन्डोज, हाउसहोल्ड फर्नीचर्स, किचन एवं बाथरूम सेलक्स, ग्लास स्काई लाइट्स, टेबल टॉप, ग्लास रेलिंग इत्यादि में किया जा सकता है।

विदित हो, विश्व में अन्तर्राष्ट्रीय गुणवत्ता स्पेशिफिकेशन्स के मुताबिक पी.वी.बी. (Poly Vinyl Butryl) के प्रोसेस से बनाये जाने वाले लेमिनेटिड सेफ्टी ग्लास निःसंदेह उत्कृष्ट कोटि का विश्वस्तरीय उत्पाद माना जाता है और इसके निर्माण हेतु महंगी मशीनरी एवं पी.वी.बी. फिल्म की आवश्यकता भी होती है।

मैसर्स एच टी सी टफन्ड ग्लास के गतिशील एवं दूरदृष्टिपूर्ण निदेशक श्री हनवन्त डोयल ने जोधपुर दौरे पर गये इस पत्रिका के मुख्य सम्पादक श्री उमेश दत्त शर्मा एवं कार्यकारी सम्पादक अभिषेक शर्मा को जानकारी देते हुए बताया कि हमारी दूसरी होरीजोन्टल टेम्परिंग फर्नेस से विश्वस्तरीय गुणवत्तायुक्त टेम्पर्ड ग्लास का निर्माण किया जा रहा है। इस टेम्परिंग फर्नेस से निर्मित टेम्पर्ड ग्लास की उत्कृष्ट गुणवत्ता निरन्तर बरकरार रखने हेतु इस टेम्परिंग लाइन का 'क्वालिटी मॉनिटरिंग सिस्टम' बेजोड़ है। इस फर्नेस में प्रयुक्त एकरूपी हीटिंग एवं कूलिंग सिस्टम तथा उच्च श्रेणी के सेरेमिक रॉलर्स के कारण टेम्पर्ड होने वाले कांच की फ्लेटनेस तो बरकरार रहती ही है एवं रिफ्लेक्टिव ग्लास की कोटिंग में और अधिक चमक आती है और साथ ही साथ उक्त फर्नेस से निर्मित सॉफ्ट कोटिड ट्रिपल सिल्वर लो-ई ग्लास को विशेषज्ञता भी हासिल है। 'फेन फोर्सड कन्वेक्शन' टेम्परिंग फर्नेस से न केवल विश्वस्तरीय उत्कृष्ट गुणवत्ता हेतु टेम्पर्ड ग्लास बनाये जा सकते हैं, बल्कि इसकी उत्पादन क्षमता भी अच्छी-खासी बतायी जाती है। कम्पनी निदेशक ने आगे अपनी बात जारी रखते

हुये बतलाया कि गत् वर्षों के दौरान कन्स्ट्रक्शन उद्योग सहित देशीय कांच अर्थव्यवस्था में बड़े प्रोजेक्ट्स के अतिरिक्त मध्यम स्तर के बिल्डिंग प्रोजेक्ट्स में टेम्पर्ड ग्लास की मांग दिन-प्रतिदिन बढ़ रही है। टेम्पर्ड ग्लास की मांग में वृद्धि का एक और बड़ा कारण यह रहा कि देश में तीव्र गति से भारी संख्या में टेम्परिंग प्लान्ट्स के स्थापित होने के कारण ग्लास प्रोसेसिंग उद्योग में एक कड़ी प्रतिस्पर्धा उत्पन्न हुई, जिसके परिणामस्वरूप टेम्पर्ड ग्लासेज की कीमतें तुलनात्मक रूप से कम हुई और कीमतें कम होने से इसकी मांग में भी वृद्धि हुई। सादा ग्लास एवं मूल्यवर्धित टेम्पर्ड ग्लास की कीमतों में अन्तर पर्याप्त रूप से कम होने के कारण उपभोक्ताओं ने सादा ग्लास के स्थान पर टेम्पर्ड ग्लास (जो सादा ग्लास की तुलना में पांच गुणा अधिक मजबूत होता है और सुरक्षित भी होता है) का उपयोग करना शुरू कर दिया है, जिसकी वजह से टेम्पर्ड ग्लास की मांग में अभूतपूर्व वृद्धि हुई है।

विदित हो, कुछ वर्ष पूर्व भारत सरकार ने बिल्डिंग कन्स्ट्रक्शन उद्योग में टेम्पर्ड ग्लास का उपयोग अनिवार्य कर दिया है, लेकिन सुविज्ञों के अनुसार अभी भी टेम्पर्ड ग्लास के स्थान पर सादा ग्लास का उपयोग भी प्रचुर मात्रा में हो रहा है। अस्तु: गत् वर्षों के दौरान आम जनता में भी यह जागरूकता आयी है कि बिल्डिंग में सादा कांच के स्थान पर सुरक्षित एवं मजबूत टेम्पर्ड सेफ्टी ग्लास का अधिक से अधिक उपयोग किया जाए और इसी जागृति के परिणामस्वरूप भी टेम्पर्ड ग्लास की मांग में वृद्धि सम्भव हुई है। विदित हो, कम्पनी गृह राज्य राजस्थान के साथ-साथ सीमावर्ती राज्यों की बढ़ती हुई

कम्पनी द्वारा स्थापित टेम्परिंग लाइन का एक चित्र

सुरक्षित कांच की मांग को पूरा करने में अपना महत्वपूर्ण योगदान दे रही है।

यह भी विदित हो, प्रोसेस्ड मूल्यवर्धित फिनिश ग्लास एवं ग्लास उत्पादों की उत्कृष्ट गुणवत्ता इस प्रमाणित तथ्य पर निर्भर करती है कि ग्लास एवं ग्लास उत्पादों का प्री-प्रोसेसिंग कार्य जैसे - कांच की कटिंग, एजिंग, होलिंग, ड्रिलिंग, वॉशिंग आदि कितनी गुणवत्ता के साथ की गई हैं, समतल कांच एवं प्रोसेसिंग से जुड़े सभी व्यापारी भली-भांति जानते हैं कि कांच कभी बीच में से नहीं टूटता, जब भी टूटेगा एजिज / किनारों से ही टूटेगा। इसी प्रकार कांच की होलिंग / ड्रिलिंग / वाशिंग के लिये प्री-प्रोसेसिंग मशीनरी का उन्नत तकनीकीयुक्त होना अति आवश्यक है इसी पर प्रोसेस्ड ग्लास की गुणवत्ता निर्भर करती है। उक्त प्री-प्रोसेसिंग मशीनरी कम्पनी में उत्पादन के शुभारम्भ से ही स्थापित हैं।

विदित हो, 1990 में श्री हरीश चन्द्र

(जिनका 2022 में स्वर्गवास हो चुका है) ने मैसर्स हरीश ट्रेडिंग कम्पनी के नाम से एक कांच ट्रेडिंग फर्म की स्थापना की थी। वर्तमान में उक्त फर्म का परिवर्तित नाम मैसर्स हरीश ग्लास एण्ड हार्डवेयर प्रा० लि० हो गया है और इस फर्म का कारोबारी संचालन आरीष डोयल एवं आर्यन डोयल (पुत्र श्री हनवन्त डोयल एवं पौत्र श्री हरीश चन्द्र) कर रहे हैं।

यह भी विदित हो, इस फर्म का 2023 तक कारोबारी संचालन श्री हरीश चन्द्र के बड़े सुपुत्र श्री दिनेश डोयल कर रहे थे, लेकिन उनका आकस्मिक निधन हो जाने के पश्चात् यह दोनों नवयुवक शिक्षा के साथ-साथ अपने पितामह द्वारा स्थापित एवं ताऊ व पिता द्वारा विकसित कांच - कारोबार को नित नयी दिशा एवं दशा प्रदान करते हुये शिखर की तरफ ले जाने में पूरी तरह प्रयासरत हैं। ऐसे नवयुवकों से देशीय समतल कांच उद्योग व्यापार को काफी आशाएं एवं अपेक्षाएं हैं।

नीजोन, डी स्क्वायर एवं हाई-टेक ग्लास इण्डस्ट्रीज का एक संयुक्त उद्यम

ग्लास इण्डिया - ग्लास से लेकर 'किसना' डायमण्ड एण्ड गोल्ड ज्वेलरी तक की सुखद एवं सफल व्यावसायिक यात्रा

गुवाहाटी (असम) स्थित हाई-टेक ग्लास इण्डस्ट्रीज एवं डी स्क्वायर ग्लास, जो काफी समय से अत्याधुनिक निर्माण सुविधाओं से युक्त विश्वस्तरीय टेम्पर्ड ग्लास, इन्सुलेटिड ग्लास, इवीए लेमिनेटिड ग्लास एवं यूपीवीसी डोर्स / विन्डोज के निर्माण में संलग्न हैं एवं उक्त दोनों कम्पनियों की जनक मैसर्स ग्लास इण्डिया, जो गत् 35 वर्षों से कांच-कारोबार में संलग्न है, के 60 वर्षीय चेयरमैन श्री दिलीप प्रसाद ने अपने कांच-कारोबार का लीक से हटकर एक नये कारोबार का भी शुभारम्भ किया है, जिसके अन्तर्गत गत् वर्ष (18 अक्टूबर, 2024) मैसर्स 'किसना' डायमण्ड एण्ड गोल्ड ज्वेलरी का आठ गांव गुवाहाटी स्थित एक तीन मंजिला स्पेशियस शानदार शो-रूम स्थापित किया है। उक्त

शो-रूम में देश की जानी-मानी गोल्ड एण्ड डायमण्ड आभूषण निर्माता कम्पनी 'किसना' की फ्रेन्चायजी ली है। इसी क्रम में आज से लगभग 15 वर्ष पूर्व तीन सितारा स्तर का 'नीजोन होटल' भी स्थापित किया था। श्री दिलीप प्रसाद ने तथाकथित लोकोक्ति को सिद्ध कर दिया है -

**लीक-लीक गाड़ी चले, लीकहिं चले कपूत।
लीक छोड़ तीनों चलें-शायर शेर सपूत॥**

क्योंकि इस होटल एवं ज्वेलरी शो-रूम से पूर्व इनका अनुभव केवल कांच कारोबार तक ही सीमित था। इन्होंने अपने दूरदृष्टिपूर्ण एवं बुद्धिमान व्यावसायी होने का भी एक उदाहरण पेश किया है, जो अन्यत्र देखने में बहुत ही कम आते हैं क्योंकि अभी तक व्यावसायी / कांच प्रोसेसिंग उद्यमी अपने कारोबार का विस्तार

अपने कांच कारोबार के क्षेत्र में ही करते रहें हैं। लेकिन इन्होंने कांच बेचते-बेचते सोने एवं हीरे के कारोबार का भी शुभारम्भ किया है।

श्री दिलीप प्रसाद के साथ इन्हीं के मार्गदर्शन में एवं इन्हीं से प्रेरणा लेकर इनके दोनों युवा सुपुत्र श्री दिवाकर प्रसाद एवं गौरव प्रसाद अपने यशस्वी पिता द्वारा स्थापित एवं विकसित उक्त सभी कारोबार का बखूबी संचालन कर रहे हैं और उसे शिखर की तरफ ले जाने में पूरी तरह प्रयासरत हैं।

विदित हो, अभी हाल ही में ज्वेलरी का एक और नया शो-रूम - नीजोन ज्वैलर्स एल एल पी का भी शुभारम्भ किया है।

‘किसना’ डायमण्ड एण्ड गोल्ड ज्वेलरी (हरि कृष्णा ग्रुप) के संस्थापक श्री घनश्याम ढोलकिया साथ में ग्लास इण्डिया के संस्थापक श्री दिलीप प्रसाद अपने पारिवारिक सदस्यों के साथ फीता काटकर उद्घाटन करते हुए

कम्पनी का एक संक्षिप्त परिचय

गुवाहाटी (असम) स्थित हाई-टेक ग्लास इण्डस्ट्रीज एवं नवस्थापित कम्पनी डी. स्क्वायर ग्लास के संस्थापक श्री दिलीप प्रसाद जिन्हें समतल कांच उद्योग व्यापार का सघन अनुभव प्राप्त है, ने अपने कांच कारोबारी कैरियर की शुरुआत आज से लगभग 35 वर्ष पूर्व 1990 में आठगांव, गुवाहाटी स्थित मैसर्स ग्लास इण्डिया नामक फर्म से की थी। मैसर्स ग्लास इण्डिया में इन्होंने ऑटोमोटिव टफन्ड ग्लास की ट्रेडिंग के साथ-साथ लेमिनेटेड सेफ्टी ग्लास का निर्माण भी किया और गुवाहाटी सहित पूरे नार्थ-ईस्ट में फर्म ने नाम एवं दाम कमाते हुए अपना परचम लहराया और ऑटोमोटिव ग्लास की थोक ट्रेडिंग फर्म का दर्जा भी प्राप्त किया। श्री दिलीप प्रसाद ने अपने कारोबार का समय-समय पर विस्तार भी किया है, जिसमें इन्होंने 1994 में एक कॉरपोरेट कम्पनी के रूप में सिलीगुड़ी पश्चिम बंगाल स्थित मैसर्स पूर्वांचल सेफ्टी ग्लास प्रा0

लि0 एवं 2004 में गुवाहाटी स्थित नीजोन ग्लास प्रा0 लि0 की स्थापना की और पूर्णतः ऑटोमोटिव उद्देश्यों हेतु फ्लेट एवं बैंड टफन्ड ग्लास के निर्माण का शुभारम्भ किया। तत्पश्चात् 2014 में मैसर्स हाई-टेक ग्लास इण्डस्ट्रीज स्थापित की। श्री दिलीप प्रसाद एक सफल व्यापारी होने के साथ-साथ अत्यन्त व्यवहार कुशल व्यावसायी भी हैं, इन्होंने अपने कारोबारी कार्यकाल में एक ऐसी उल्लेखनीय व्यावसायिक प्रगति की है, जिसकी मिशाल अन्यत्र कम ही मिलती है। वर्तमान में श्री दिलीप प्रसाद के 35 वर्षीय सुयोग्य सुपुत्र श्री दिवाकर प्रसाद, जो शिक्षा में बी.टेक हैं और प्लान्ट की समस्त जिम्मेदारी के साथ-साथ प्रोजेक्ट्स का कार्य भी देखते हैं एवं उनके 31 वर्षीय दूसरे सुपुत्र श्री गौरव प्रसाद जो शिक्षा में बी.कॉम हैं और कम्पनी की मार्केटिंग व्यवस्था पूरी तरह संभाल रहे हैं। अपने सघन अनुभवी पिता द्वारा स्थापित

प्रोसेसिंग कम्पनी हाई-टेक ग्लास इण्डस्ट्रीज एवं नवस्थापित कम्पनी डी. स्क्वायर ग्लास का उच्च व्यावसायिक मापदण्डों पर उनकी छत्र-छाया में बखूबी संचालन कर रहे हैं और नित नयी दिशा प्रदान करते हुए अपने कांच-कारोबार को शिखर की तरफ ले जा रहे हैं।

विदित हो, सिलीगुड़ी, पश्चिम बंगाल स्थित मैसर्स पूर्वांचल सेफ्टी ग्लास प्रा0 लि0 के वर्तमान निदेशक श्री रिषभ सिंघल एवं उनकी धर्मपत्नी श्रीमति विजेता सिंघल एवं गौरव प्रसाद हैं, लेकिन मुख्य रूप से उक्त कम्पनी का कारोबार श्री रिषभ सिंघल एवं श्रीमति विजेता सिंघल जो शिक्षा में क्रमशः स्नातक एवं एम.बी. ए. हैं (जो श्री दिलीप प्रसाद के दामाद एवं सुपुत्री हैं) श्री दिलीप प्रसाद के मार्गदर्शन में कम्पनी का बखूबी संचालन कर रहे हैं। ऐसे नवयुवकों से देशीय समतल कांच उद्योग व्यापार को काफी आशाएं एवं अपेक्षाएं हैं।

आनन्द ग्लास द्वारा आयातित अत्याधुनिक उन्नत तकनीकीयुक्त इन्सुलेटिंग ग्लास लाइन से उत्पादन प्रारम्भ

कम्पनी के युवा निदेशक श्री आनन्द सागर दास साथ में इस पत्रिका के मुख्य सम्पादक श्री उमेश दत्त शर्मा एवं कार्यकारी सम्पादक अभिषेक शर्मा

‘मंदिरों की नगरी’ के नाम से विख्यात एवं जो गत् दो वर्षों से टेम्पर्ड ग्लास के निर्माण में ‘सौन्दर्यकरण’ से ओत-प्रोत भुवनेश्वर, ओडिशा संलग्न है, ने अपने कारोबार का पुनः भारी सहित पूर्वी भारत की जानी-मानी, लब्ध विस्तार करते हुये अभी हाल ही में चीन स्थित प्रतिष्ठित प्रोसेसिंग कम्पनी मैसर्स आनन्द ग्लास, ‘LIJIANG’ कम्पनी से एक अत्याधुनिक,

उन्नत तकनीकीयुक्त इन्सुलेटिंग ग्लास लाइन आयात की है, जिससे जून, 2025 से ‘A.G. TOUGHENED’ ब्राण्ड से उच्च गुणवत्तायुक्त आर्किटेक्चरल उद्देश्यों हेतु इन्सुलेटिंग ग्लास का उत्पादन किया जा रहा है। इस इन्सुलेटिंग ग्लास लाइन से 2500 एम.एम. X 4000 एम.एम. साइजेज तक के इन्सुलेटिंग ग्लास का निर्माण किया जा सकता है और इस आयातित इन्सुलेटिंग ग्लास लाइन की मुख्य विशेषताएं इस प्रकार हैं-

- ◆ Max DGU size 2500*4000mm.
- ◆ Can Fill Argon Gas.
- ◆ Adjustable Pressing Section can make sure the two or triple glass was pressed evenly and uniformly.
- ◆ Advanced butyl extruder machine to make a perfect first sealing , which is the most important seal and it decide the quality of DGU.

मैसर्स आनन्द ग्लास के सघन अनुभवी, गतिशील एवं दूरदृष्टिपूर्ण प्रबन्ध निदेशक श्री

कम्पनी द्वारा आयातित इन्सुलेटिंग ग्लास लाइन का एक चित्र

प्रेमानन्द दास एवं इनके एक मात्र युवा सुपुत्र श्री आनन्द सागर दास ने दूरभाष के माध्यम से इस पत्रिका के कार्यकारी सम्पादक अभिषेक शर्मा को बतलाया कि हमने अपनी आर्किटेक्चरल रेन्ज को पूरा करने के उद्देश्यों हेतु एक इन्सुलेटिंग ग्लास लाइन स्थापित की है, जिससे हम अपने मूल्यवान ग्राहकों को एक ही छत के नीचे आर्किटेक्चरल ग्लास की अधिकतम रेन्ज उपलब्ध करा सकें। विदित हो, बिल्डिंग स्ट्रक्चर्स में इन्सुलेटिंग ग्लास का उपयोग जहां एक तरफ बिल्डिंग के अंदर अवांछित भयंकर गर्मी को बाधित करता है, वहीं दूसरी तरफ शौर प्रदूषण पर भी अंकुश लगाता है। देश में विद्युत संकट हमेशा बना रहता है। बिल्डिंग्स में इन्सुलेटिंग ग्लास के उपयोग से विद्युत बचत के माध्यम से काफी हद तक देशीय विद्युत संकट को भी कम किया जा सकता है। इन्सुलेटिंग ग्लास की उक्त अन्तर्निहित विशेषताओं एवं उपयोगिताओं के कारण देशीय मार्केट में इन्सुलेटिंग ग्लास के उपयोग की प्रचुर सम्भावनाएं व्याप्त हैं एवं साथ ही साथ वर्ष-

दर-वर्ष इन्सुलेटिंग ग्लास की मांग में अभूतपूर्व वृद्धि हो रही है। इन्हीं सम्भावनाओं के मद्देनजर हमारी कम्पनी ने टेम्पर्ड ग्लास के साथ-साथ इन्सुलेटिंग ग्लास निर्माण का भी शुभारम्भ किया है।

भुवनेश्वर (ओडिशा) स्थित पूर्वी भारत की उच्च स्तरीय साखयुक्त एवं अग्रणी थोक कांच-कारोबारी कम्पनियों / फर्मों में से एक मैसर्स आनन्द ग्लास, जो गत् 32 वर्षों से समस्त प्रकार के समतल कांच क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास, थिकर ग्लास, मिरर एवं फिगर्ड ग्लास आदि के उच्च स्तरीय कारोबार में संलग्न हैं, ने गत् दो वर्ष पूर्व ग्लास प्रोसेसिंग (टेम्परिंग लाइन) उद्यम का शुभारम्भ करके अपने कारोबार का भारी विस्तार किया था और वर्ष-दर-वर्ष निरन्तर प्रगति के पथ पर अग्रसर होते हुए कम्पनी ने दो वर्ष के अन्तराल में ही अपने कारोबार का पुनः विस्तार करते हुए टेम्पर्ड ग्लास के साथ-साथ जून, 2025 से उच्च गुणवत्तायुक्त इन्सुलेटिंग ग्लास के उत्पादन का भी शुभारम्भ किया है।

कम्पनी का संक्षिप्त परिचय

मैसर्स आनन्द ग्लास के 61 वर्षीय प्रगतिशील संस्थापक एवं प्रोपराईटर श्री प्रेमानन्द दास, जो शिक्षा में पोस्ट ग्रेजुएट हैं, ने 1993 में बहुत ही छोटे स्तर से अपने कांच कारोबारी कैरियर की शुरुआत की और वर्ष-दर-वर्ष प्रगति करते हुए 1997 में समय की मांग के अनुरूप मूल्यवर्धित ग्लास की प्रोसेसिंग एवं

2007 में बैन्ड ग्लास के निर्माण का भी शुभारम्भ किया।

मैसर्स आनन्द ग्लास में नई ऊर्जा का संचार उस समय हुआ जब श्री प्रेमानन्द दास के एक मात्र सुपुत्र आनन्द सागर दास ने एम.बी.ए. तक की उच्च शिक्षा प्राप्त करने के पश्चात् अपने पिता द्वारा स्थापित एवं विकसित

कम्पनी के सघन अनुभवी एवं दूरदृष्टिपूर्ण प्रबन्ध निदेशक श्री प्रेमानन्द दास

कांच-कारोबार में प्रवेश किया। श्री आनन्द सागर दास अपनी प्रोसेसिंग कम्पनी की समस्त प्रबन्धकीय व्यवस्थाओं का पूरी जिम्मेदारी के साथ अपने सघन अनुभवी पिता के मार्गदर्शन में बखूबी संचालन कर रहे हैं।

‘हिन्दुस्तान ग्लास’ मथुरा द्वारा नोएडा स्थित ‘ग्लासिक टफ’ टफण्ड ग्लास प्लान्ट का विधिवत् अधिग्रहण

कम्पनी के सघन अनुभवी एवं दूरदृष्टिपूर्ण प्रमोटर
जनाब नबील मलिक

मथुरा (उत्तर प्रदेश) की जानी-मानी, लब्धप्रतिष्ठित कांच कारोबारी फर्म मैसर्स हिन्दुस्तान ग्लास, जो गत छ वर्षों से समस्त प्रकार के समतल कांच-क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास, लेक्ड ग्लास, मिरर, आर्किटेक्चरल टफण्ड ग्लास, इन्सुलेटिड ग्लास, लेमिनेटिड ग्लास, फ़ैब्रिक ग्लास, यूपीवीसी एवं एल्युमिनियम फ़ैब्रिकेशन, एल्युमिनियम स्लिटम प्रोफाइल, स्ट्रक्चरल ग्लेजिंग, कर्टेन-वॉलिंग (एसीपी) एवं विभिन्न प्रकार के मूल्यवर्धित प्रोसेस्ड कांच एवं कांच उत्पादों की विविध श्रृंखला में - डायमण्ड की तरह क्रिस्टल क्लीयर बैवलड ग्लास, ईचड / एनग्रेव्ड ग्लास, अभिनव डेकोरेटिव डिजाइनर ग्लासेज / मिरर्स, फ़्रेमलेस ग्लास डोर्स, ग्लास पिलर्स आदि के कारोबार एवं

प्रोसेसिंग में संलग्न है, ने अपने कारोबार का भारी विस्तार करते हुये अभी हाल ही में ‘ग्लासिक टफ’ नोएडा स्थित टफण्ड ग्लास प्लान्ट का अधिग्रहण किया है, जिससे 1 अगस्त, 2025 से ‘GLASSIC TUFF’ ब्राण्ड से विश्वस्तरीय उच्च गुणवत्तायुक्त समस्त प्रकार के समतल कांच-क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास, शॉवर-क्व्यूवीकल्स, ग्लास फनीचर्स, इण्टीरियर्स एवं एक्सटीरियर्स, फ़्रेमलेस ग्लास डोर्स / विन्डोज / पार्टीशन्स आदि-आदि उद्देश्यों हेतु 8'X12' साइजेज के 4 एम.एम से 19 एम.एम. मोटाई तक के टेम्पर्ड / हीट स्ट्रेन्ड ग्लास बनाये जा रहे हैं।

मैसर्स ‘ग्लासिक टफ’ के सघन अनुभवी एवं दूरदृष्टिपूर्ण प्रमोटर जनाब नबील मलिक ने मथुरा दौरे पर गए इस पत्रिका के कार्यकारी सम्पादक अभिषेक शर्मा एवं उप सम्पादक राजा भारद्वाज से बात-चीत करते हुए बतलाया कि जिस टेम्परिंग फैक्ट्री का अधिग्रहण हमने किया है इससे समस्त प्रकार के समतल कांच - क्लीयर एवं टिन्टेड फ्लोट ग्लास, हाई-परफॉरमेंस रिफ्लेक्टिव, लो-ई ग्लास, शॉवर क्यूवीकल्स एवं पैटर्न्ड ग्लास आदि विश्वस्तरीय गुणवत्ता के मापदण्डों के अनुसार टेम्पर्ड किये जा सकते हैं। आगे अपनी बात जारी रखते हुए बतलाया कि हमारी कम्पनी नोएडा से मथुरा के अतिरिक्त सीमावर्ती राज्यों की बढ़ती हुई सुरक्षित कांच की मांग को पूरा करने में अपना महत्वपूर्ण योगदान दे रही है।

यह भी विदित हो, प्रोसेस्ड मूल्यवर्धित फिनिशड ग्लास एवं ग्लास उत्पादों की उत्कृष्ट गुणवत्ता इस प्रमाणित तथ्य पर निर्भर करती है कि ग्लास एवं ग्लास उत्पादों का प्री-प्रोसेसिंग कार्य जैसे - कांच की कटिंग, एजिंग, होलिंग,

ड्रिलिंग, वॉशिंग आदि कितनी गुणवत्ता के साथ की गई है, समतल कांच एवं प्रोसेसिंग से जुड़े सभी व्यापारी भली-भांति जानते हैं कि कांच कभी बीच में से नहीं टूटता, जब भी टूटेगा एजिंग / किनारों से ही टूटेगा। इसी प्रकार कांच की होलिंग / ड्रिलिंग / वॉशिंग के लिये प्री-प्रोसेसिंग मशीनरी का उन्नत तकनीकीयुक्त होना अति आवश्यक है इसी पर टेम्पर्ड ग्लास की गुणवत्ता निर्भर करती है। उक्त प्री-प्रोसेसिंग मशीनरी कम्पनी में उत्पादन के शुभारम्भ से ही स्थापित हैं।

यह भी विदित हो, कि मैसर्स ‘ग्लासिक टफ’ जो 2022 में टेम्पर्ड ग्लास के निर्माण के रूप में श्री एस. आर. शाही के द्वारा नोएडा में उक्त कम्पनी स्थापित की गयी थी तत्पश्चात् 2024 में जनाब रहमान शेख द्वारा उक्त कम्पनी का अधिग्रहण कर लिया गया और अभी हाल ही में 1 अगस्त, 2025 से इस कम्पनी को मथुरा स्थित मैसर्स हिन्दुस्तान ग्लास के प्रोपराईटर जनाब नबील मलिक द्वारा पूर्ण रूप से विधिवत् अधिग्रहण कर लिया गया है। इस प्रकार उक्त कम्पनी स्थापना से लेकर आज तक लगभग तीन वर्षों में दो मालिकों के हाथ से गुजरी है और वर्तमान में यह कम्पनी अब तीसरे प्रमोटर के रूप में जनाब नबील मलिक के हाथों में आ गयी है, जो योग्य व्यक्ति होने के साथ-साथ अच्छे कारोबारी भी हैं, जिन्हें समतल कांच कारोबार का सघन अनुभव प्राप्त है और कांच की बारीकियों को भी अच्छी तरह समझते हैं। अब इस कम्पनी का संचालन जनाब नबील मलिक अपनी सूझ-बूझ के साथ सफलतापूर्वक कर रहे हैं। ग्लास न्यूज पत्रिका परिवार की तरफ से जनाब नबील मलिक को कारोबारी समृद्धि की हार्दिक शुभकामनाएं।

इंफिनिटी तिरुपति ग्लास प्रा० लि० द्वारा एक और स्पेशियस वेयरहाउस एवं अत्याधुनिक कार्यालय की स्थापना के माध्यम से कारोबार विस्तार

कम्पनी के सघन अनुभवी एवं दूरदृष्टिपूर्ण निदेशक सर्वश्री संजय बंसल, विकास बिन्दल एवं राघव बंसल

रोहतक, (हरियाणा) स्थित उत्तरी भारत की प्रतिष्ठित, साखयुक्त एवं सर्वाधिक प्रगतिशील थोक समतल कांच कारोबारी फर्मों / कम्पनियों में गणना की जाने वाली कम्पनी मैसर्स इंफिनिटी तिरुपति ग्लास प्रा० लि०, जो गत् 20 वर्षों (2005) से समस्त प्रकार के समतल कांच - क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास, थिन एवं थिकर ग्लास, लेकर्ड ग्लास, मिरर, शीट एवं फिगर्ड ग्लास के साथ-साथ आयातित ग्लास में भी विभिन्न प्रकार के आयातित ग्लास - एक्स्ट्रा क्लीयर ग्लास, फ्लूटिड ग्लास (कलर फ्लूटिड, नॉर्मल फ्लूटिड, एक्स्ट्रा फ्लूटिड), लेकर्ड ग्लास, डिजाइनर ग्लास, मोजेक ग्लास, ग्लास ब्रिक्स एवं कलर मिरर आदि-आदि के कारोबार में संलग्न है, ने अपने कारोबार का पुनः भारी विस्तार करते हुये रोहतक में ही 15,000 वर्ग फुट के क्षेत्रफल में एक और नवनिर्मित

वेयरहाउस स्थापित किया है, जिसका शुभारम्भ जन्माष्टमी (16 अगस्त, 2025) के शुभ अवसर पर पारिवारिक सदस्यों द्वारा विधिवत् पूजा-अर्चना के पश्चात् किया गया है। मैसर्स इंफिनिटी तिरुपति ग्लास प्रा० लि०, जो अपने कारोबार का शीघ्र-अतिशीघ्र विस्तार भी करती रहती है। इससे पूर्व में भी दो वेयरहाउस रोहतक में और एक वेयरहाउस पंचकुला में स्थित है, जिनका कुल क्षेत्रफल क्रमशः 15,000, 15000, 50,000 वर्ग फुट है, इस प्रकार कम्पनी के पास चार वेयरहाउस का कुल क्षेत्रफल 95,000 वर्ग फुट हो गया है।

मैसर्स इंफिनिटी तिरुपति ग्लास प्रा० लि० के सघन अनुभवी एवं दूरदृष्टिपूर्ण निदेशक सर्वश्री संजय बंसल, विकास बिन्दल एवं राघव बंसल ने रोहतक दौरे पर गये इस पत्रिका के कार्यकारी सम्पादक अभिषेक शर्मा एवं उप सम्पादक राजा भारद्वाज को बात-चीत करते हुये

बतलाया कि वर्तमान में हमारे पास चार वेयरहाउस हैं, उनमें से दो वेयरहाउस का हमें दौरा भी कराया और जब हमने उन वेयरहाउस को देखा तो उनमें भारी मात्रा में घरेलू एवं आयातित ग्लास की लगभग सम्पूर्ण रेंज देखने को मिली। कम्पनी के सभी निदेशकगण ने अपनी बात जारी रखते हुए एक ही स्वर में यह भी बतलाया कि हमारे पास पर्याप्त स्टॉक हर समय उपलब्ध रहता है, जिससे हम अपने मूल्यवान ग्राहकों की सेवा करने के लिये हमेशा तत्पर रहते हैं और शीघ्र-अतिशीघ्र, लोडिंग-अनलोडिंग के उद्देश्यों हेतु सभी वेयरहाउस में क्रेन भी स्थापित की गयी हैं। इन्हीं सभी सुविधाओं के बल पर अपने गृह राज्य हरियाणा के साथ-साथ उत्तरी भारत में घरेलू एवं आयातित मैटेरियल की सप्लाई की जा रही है और नाम-दाम-काम की प्राप्ति करते हुये फर्म शिखर की तरफ अग्रसर है तथा वर्ष-दर-वर्ष

नित नये-नये कीर्तिमान भी स्थापित कर रही है। यह भी नितांत सत्य है कि कारोबार के क्षेत्र में किसी भी फर्म / कम्पनी की 'व्यावसायिक साख' का आधार मुख्यतः उस फर्म की 'व्यावसायिक-वचनबद्धता' के साथ-साथ 'आदान-प्रदान' होता है और उस फर्म की यह 'सकारात्मक-व्यावसायिक-साख' रातों-रात या अल्प समय में नहीं बन जाती है, बल्कि इस साख को बनाने में लम्बा समय लगता है, लेकिन उक्त कम्पनी ने अपने 20 वर्षीय कारोबारी कार्यकाल में ही यह सब करके दिखाया है और साथ ही साथ कम्पनी ने उल्लेखनीय व्यावसायिक प्रगति भी की है। मैसर्स इन्फिनिटी तिरुपति ग्लास प्रा0 लि0 का वर्तमान में कद इतना बढ़ चुका है कि इसकी छाया में अनेकों कर्मचारी अपनी-अपनी सेवाएं प्रदान करके अपनी-अपनी आजीविका चला रहे हैं।

विदित हो, मैसर्स इन्फिनिटी तिरुपति ग्लास प्रा0 लि0 के निदेशकगणों में 51 वर्षीय

सर्वश्री संजय बंसल, 36 वर्षीय विकास बिंदल एवं 26 वर्षीय राघव बंसल जो शिक्षा में क्रमशः एम कॉम, एम टेक इन बायो टेक (चंडीगढ़ ग्रुप ऑफ कॉलेज) एवं बी0बी0ए0 हैं और ये व्यवहार से बेहद विनम्र, व्यवहार-कुशल एवं दूरदृष्टिपूर्ण सफल व्यावसायी भी हैं। श्री विकास बिंदल एवं राघव बंसल जैसे नवयुवकों से देशीय समतल कांच उद्योग व्यापार को काफी आशाएं एवं अपेक्षाएं हैं।

मैसर्स इन्फिनिटी तिरुपति ग्लास प्रा0 लि0 देश में समतल कांच के निर्माण में संलग्न कम्पनियां - गोल्ड प्लस ग्लास इण्डस्ट्री लि0, सेन्ट-गोबेन इण्डिया प्रा0 लि0, असाही इण्डिया ग्लास लि0, गुजरात गार्जियन लि0, सिस्केम फ्लेट ग्लास इण्डिया प्रा0 लि0, इमर्ज ग्लास इण्डिया प्रा0 लि0, गोपाल ग्लास वर्क्स लि0 एवं नन्नूमल ग्लास वर्क्स आदि के मैटेरियल में बतौर अधिकृत थोक विक्रेता एवं स्टॉकिस्ट्स के रूप में कार्यरत है।

कम्पनी द्वारा नवस्थापित स्पेशियस वेयरहाउस का एक चित्र

जैन ग्लास स्टूडियो का सौन्दर्यकरण से ओत-प्रोत भव्य एवं विशाल मूल्यवर्धित ग्लास शो-रूम स्थापित एवं स्वर्णजयंती वर्ष के अवसर पर लेजर मशीन की स्थापना के माध्यम से कारोबार विस्तार

फर्म के दूरदृष्टिपूर्ण संस्थापक श्री राजकुमार सेठी एवं इनके सुपुत्र श्री रवि सेठी साथ में इस पत्रिका के मुख्य सम्पादक श्री उमेश दत्त शर्मा एवं कार्यकारी सम्पादक अभिषेक शर्मा

गुलाबी नगर के नाम से विश्व विख्यात जयपुर (राजस्थान) स्थित मैसर्स जैन ग्लास स्टूडियो द्वारा 2021 में स्थापित सौन्दर्यकरण से ओत-प्रोत, भव्य एवं विशाल मूल्यवर्धित ग्लास शो-रूम जो देखने एवं दिखाने लायक है और जिसकी 'छटा' देखते ही बनती है। उक्त

शो-रूम में समस्त प्रकार के मूल्यवर्धित ग्लास एवं ग्लास उत्पादों की विविध श्रृंखला में डेकोरेटिव मिरर, डिजाइनर मिरर, एन्टिक मिरर, कलर्ड मिरर, एल ई डी मिरर, टू डी एवं श्री डी मिरर, एस. एस. मिरर, मेटल फ्रेम मिरर, आर्ट वर्क मिरर, अल्ट्रा क्लीयर मिरर, एल्युमिनियम फ्रेम मिरर, डेकोरेटिव ग्लास, डेकोरेटिव मॉर्डन ग्लास कन्सोल, ग्लास ब्रिक्स, इवीए / फ्रैब्रिक ग्लास, डिजिटल प्रिन्टिंग ग्लास, एक्सट्रा क्लीयर ग्लास, फ्लूटिड ग्लास, पैटर्न्ड ग्लास, स्लिम प्रोफाइल ग्लास पार्टीशन्स, एल्युमिनियम एवं यूपीवीसी डोर्स-विन्डोज आदि-आदि की विस्तृत रेंज का इस प्रकार डिस्प्ले किया गया है कि इनके मूल्यवान ग्राहक / आर्किटेक्ट्स पहली ही नजर में शीघ्र ही उत्पाद को पसन्द कर लेते हैं, जिनको अपने कोठी / बंगले, होटल्स, कॉमर्शियल इण्टीरियर्स, शो-रूम इत्यादि में आन्तरिक एवं बाह्य साज-सज्जा के उद्देश्यों

हेतु उपयोग करने होते हैं। मैसर्स जैन ग्लास स्टूडियो ने उक्त सभी उत्कृष्ट गुणवत्तायुक्त उत्पाद के साथ-साथ वी-गुविंग ग्लास की प्रोसेसिंग में एक ऐसी विशेष महारथ हासिल की है, जो क्वालिटी के दृष्टिकोण से अपने गृह राज्य राजस्थान के साथ-साथ अन्य प्रदेशों से भी बहुतायत में काफी ग्राहक वी-गुविंग ग्लास का वर्क कराने आते हैं और जो एक बार इनसे जुड़ जाते हैं, वह इनके उत्पाद की क्वालिटी के मुरीद बन जाते हैं और इनकी भूरि-भूरि प्रशंसा भी करते हैं।

विदित हो, जैन ग्लास हाउस (परिवर्तित नाम जैन ग्लास स्टूडियो) की स्थापना आज से 50 वर्ष पूर्व नवम्बर, 1975 में श्री राजकुमार सेठी एवं इनके बहनोई श्री पूनम चन्द जैन (अब स्वर्गीय) के द्वारा महारानी गायत्री देवी मार्केट (एम जी डी, मार्केट) में समतल कांच की रिटेलिंग के रूप में की गयी थी। इस प्रकार इस

श्री अमित जैन

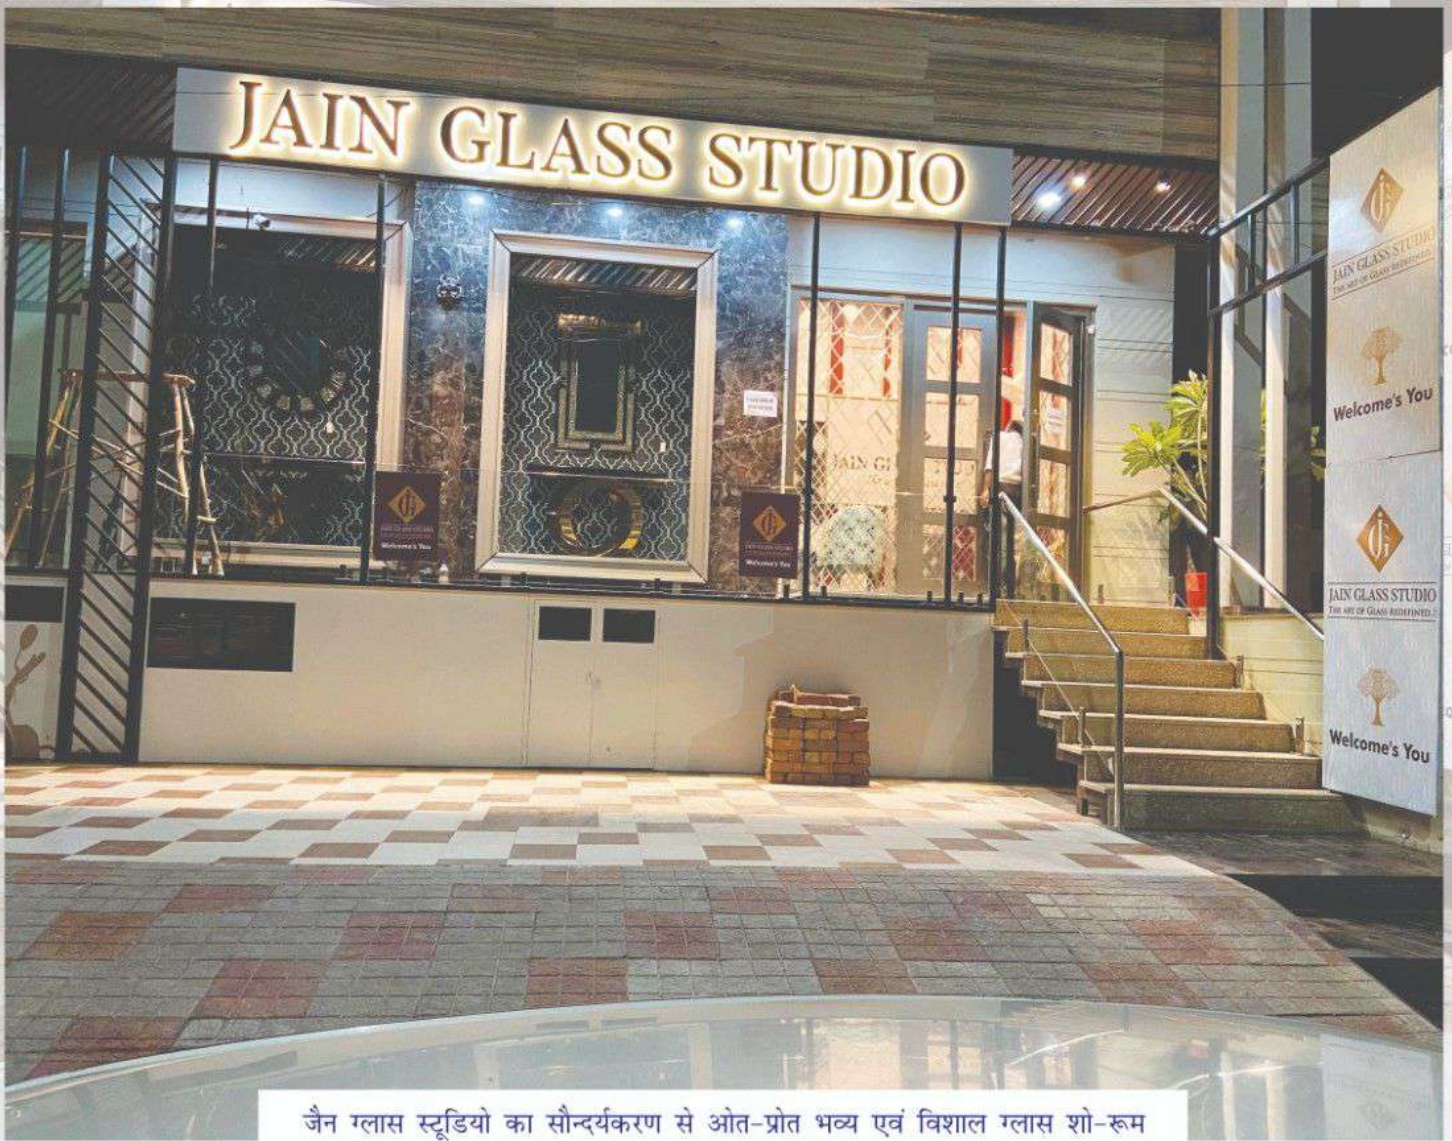

श्री रवि सेठी एवं इनकी धर्मपत्नी श्रीमति पूजा सेठी

फर्म को नवम्बर, 2025 में 50 वर्ष पूर्ण हो जायेंगे, इसलिये उक्त फर्म का 2025 में स्वर्ण जयन्ती वर्ष भी है। इसी स्वर्ण जयन्ती वर्ष के शुभ अवसर पर 75 वर्षीय श्री राजकुमार सेठी एवं इनके सुपुत्र श्री रवि सेठी एवं इनकी धर्मपत्नी श्रीमति पूजा सेठी एवं श्री राजकुमार सेठी के भान्जे श्री अमित जैन (सुपुत्र स्वर्गीय श्री पूनम चन्द जैन) ने जयपुर दौरे पर गये इस पत्रिका के मुख्य सम्पादक श्री उमेश दत्त शर्मा एवं कार्यकारी सम्पादक अभिषेक शर्मा को जानकारी देते हुए बतलाया कि हमने अपने कारोबार का और अधिक विस्तार करते हुये सितम्बर, 2025 में एक आयातित, अत्याधुनिक, उन्नत तकनीकीयुक्त एक लेजर ग्लास मशीन की स्थापना की है, जिससे हमारे पास उत्पाद की रेन्ज में एक कड़ी और जुड़ गयी है और इस मशीन के स्थापित हो जाने से फर्म के पास पूरी एक्यूरेसी के साथ कार्य करने का एक सुनहरा अवसर और प्राप्त हो गया है। जिससे हम अपने मूल्यवान ग्राहकों की उत्तम ग्रेड की सेवा करने में और भी सक्षम हो गये हैं।

कांच का कोई विकल्प नहीं है
विभिन्न प्रकार के बिल्डिंग मेटेरियल्स में कांच ही एकमात्र ऐसा अद्भुत एवं अद्वितीय मेटेरियल है, जो पारदर्शिता, लाईट ट्रान्समिशन स्वच्छता एवं डायमण्ड की तरह चका-चौंध कर देने वाली चमक आदि-आदि अपनी अन्तर्निहित विशिष्ट विशेषताओं के कारण एक कोम्बिनेशन के रूप में एक साथ ही अपने में महती 'उपयोगिता' एवं 'सौन्दर्यबोध' का एक यूनिक संगम समेटे हुए है। 'कांच' का कोई विकल्प नहीं है। यह 'गंगाजल' की तरह से इतना 'स्वच्छ' एवं पारदर्शी है कि कांच की कितनी भी मोटी शीट के नीचे यदि एक बाल भी रख दिया जाए तो वो भी साफ-साफ दिखायी पड़ता है। आधुनिक बिल्डिंग्स अथवा किसी भी प्रकार के वाहन में 'उपयोगिता' अथवा 'सौंदर्य बोध' के दृष्टिकोण से कांच ग्लेजिंग शारीरिक त्वचा की तरह एक ऐसी अपरिहार्य आवश्यकता बन चुकी है, जिसका कोई विकल्प नहीं है। बगैर त्वचा के शरीर की क्या दुर्गति होगी, इसकी कल्पना मात्र से आप बदहवास रूप से रोमांचित

हो जायेंगे, ठीक इसी प्रकार यदि आधुनिक बिल्डिंग्स अथवा वाहन की त्वचा कहे जाने वाले कांच की ग्लेजिंग अथवा परत नहीं चढ़ायी जाए तो ये आदि मानव की तरह निर्वस्त्र एवं नंगी रह जायेंगी। 'त्वचा' एवं 'वस्त्र' शरीर की न केवल रक्षा करते हैं, बल्कि उसके 'सौन्दर्य-बोध' में भी चार चांद लगाते हैं, ठीक वैसे ही बिल्डिंग अथवा वाहन कितना भी कीमती क्यों न हो, जब तक उसे कांच-ग्लेजिंग अथवा कांच रूपी वस्त्रों का आवरण नहीं पहना दिया जाता है, तब तक वे आदि मानव की तरह न केवल निर्वस्त्र अथवा नंगी की नंगी रह जायेंगी, बल्कि पर्यावरणीय दृष्टिकोण से उनका रक्षण भी नहीं हो पायेगा। अस्तु कांच की अपनी एक बेजोड़ अद्भुत चमत्कारिक दुनिया है, जिसमें जयपुर, राजस्थान स्थित मैसर्स जैन ग्लास स्टूडियो का भी एक ऐसा कलात्मक ब्राण्डेड नाम शामिल है, जहां एक ही छत के नीचे न केवल समस्त प्रकार के समतल कांच, अभिनव डेकोरेटिव डिजाइनर कांच सहित विभिन्न प्रकार के अन्य मूल्यवर्धित प्रोसेस्ड कांच एवं कांच

जैन ग्लास स्टूडियो का सौन्दर्यकरण से ओत-प्रोत भव्य एवं विशाल ग्लास शो-रूम

उत्पादों की एक बृहद श्रृंखला सदैव उपलब्ध रहती है, साथ ही साथ फर्म के मूल्यवान ग्राहकों की ग्लेजिंग कॉन्सेप्ट से लेकर इन्स्टॉलेशन तक की सभी प्रकार की समस्याओं का निदान किया जाता है।

फर्म के पास निर्माण सुविधाएं -

- वी-गुविंग मशीन
- इ वी ए / फैब्रिक मशीन
- डिजिटल प्रिंटिंग मशीन
- लेजर कटिंग मशीन
- प्रोफाइल बेन्डिंग एवं सी एन सी कटिंग मशीन आदि।

यह भी विदित हो, वर्तमान में फर्म के 75 वर्षीय संस्थापक श्री राजकुमार सेठी एवं इनके भान्जे श्री अमित जैन दोनों मिलकर मूल्यवर्धित ग्लास फैक्ट्री का बखूबी संचालन कर रहे हैं और श्री सेठी इतने उम्रदराज होते हुये भी एक सच्चे कर्मयोगी की तरह फैक्ट्री में पूरा समय देते हैं, जो देखने में अभी भी शारीरिक एवं मानसिक रूप से पूरी तरह एक्टिव हैं, इनसे युवा पीढ़ी को सीख लेनी चाहिए कि इतनी उम्र में भी अपने कारोबार के प्रति पूरी तरह सजग एवं निष्ठावान कैसे बना जा सकता है। वहीं श्रीमति पूजा सेठी नये शो-रूम की समस्त जिम्मेवारियों का पूरी

तरह निर्वहण कर रही हैं और 48 वर्षीय श्री रवि सेठी जी अपने कारोबार का पूरी मुस्तैदी के साथ फर्म की मार्केटिंग / पर्चेजिंग एवं वित्तीय सम्बन्धित सभी जिम्मेवारियों का अपनी पूरी क्षमता के साथ कार्य करते हुये फर्म को शिखर की तरफ ले जाने में एड़ी-चोटी का जोर लगा रहे हैं। यह भी विदित हो, फर्म के सभी सदस्य अपने व्यवसाय के प्रति पूरी तरह समर्पित तो हैं ही, साथ ही साथ बेहद मिलनसार, व्यवहार-कुशल एवं विनम्र स्वभाव वाले व्यावसायी भी हैं और साथ ही साथ आतिथ्य सत्कार करने में भी तत्पर रहते हैं।

एस. एस. ग्लास इण्डस्ट्रीज द्वारा निर्मित 'सुपर फिक्स' एवं 'रॉयल' ग्लास पुट्टी शिखर की तरफ अग्रसर

एस. एस. ग्लास इण्डस्ट्रीज के प्रोपराईटर श्री दिनेश सिंह साथ में इस पत्रिका के कार्यकारी सम्पादक अभिषेक शर्मा एवं राजा भारद्वाज

कक्षावला, दिल्ली की जानी-मानी, लब्धप्रतिष्ठित साखयुक्त एवं प्रगतिशील फर्म मैसर्स एस. एस. ग्लास इण्डस्ट्रीज, जो गत् 25 वर्षों से ग्लास पुट्टी के निर्माण में संलग्न रहते हुये प्रगति के पथ पर अग्रसर है। उक्त फर्म द्वारा निर्मित ग्लास पुट्टी की सप्लाई उत्तरी भारत में की जा रही है। विदित हो, वर्तमान में ग्लास पुट्टी का प्रचलन भले ही कम हो गया है लेकिन 'सुपर फिक्स' एवं 'रॉयल' ब्राण्ड ग्लास पुट्टी अपने क्वालिटी के दम पर आज मजबूती के साथ अपने कारोबार के क्षेत्र में सुस्थापित हो चुकी है। विदित हो, भले ही ग्लास पुट्टी पर इस समय सिलीकॉन ने काफी हद तक अपना कब्जा कर लिया है लेकिन जो भी देश में ग्लास पुट्टी निर्माता जमे हुये हैं, वे उनकी उत्तम ग्रेड

की क्वालिटी एवं उच्च स्तरीय साख का ही परिणाम है। पुट्टी का अधिकांश उपयोग स्टील, वुडन विन्डो एवं ग्लेजिंग में ग्लास फिक्सिंग हेतु किया जाता है।

मैसर्स एस. एस. ग्लास इण्डस्ट्रीज के 45 वर्षीय गतिशील एवं दूरदृष्टिपूर्ण प्रोपराईटर श्री दिनेश सिंह ने अपने कारोबारी कार्यकाल के दौरान अथक परिश्रम, कार्य के प्रति सच्ची लगन, मधुर व्यवहार एवं ईमानदारी के बल पर ग्लास पुट्टी उद्योग में अपने लिए एक ऐसा विशिष्ट स्थान बनाया है जो बहुत कम व्यापारी ही ऐसा करने में सक्षम होते हैं। मानव जीवन में नौकरी हो अथवा व्यवसाय सभी के लिये कार्य के साथ-साथ वाणी एवं व्यवहार की भी आवश्यकता होती है। श्री दिनेश सिंह में ये सभी

गुण कूट-कूटकर भरे हुये हैं और इन्हीं गुणों की बदौलत अपने कारोबार को शिखर की तरफ ले जाने में पूरी तरह प्रयासरत हैं। उक्त फर्म ग्लास पुट्टी निर्माण के साथ-साथ सेन्ट-गोबेन टेक बॉण्ड (सिलीकॉन) सेन्ट-गोबेन आर्किटेक्चुरल हार्डवेयर एवं ऑटोईनग्रेस हार्डवेयर में डीलिंग करती है, जो केवल एन सी आर के लिए ऑथोराइड्स डिस्ट्रीब्यूटर के रूप में कार्य करती है, यह फर्म कॉन्वेक्स मिरर (रियर व्यू) का बड़ी मात्रा में आयात करती है और जिसकी सप्लाई मांग के अनुसार पूरे देश में की जाती है और साथ ही साथ अल्स्टोन ए सी पी प्रोडक्ट की बिक्री के लिये दिल्ली मार्केट में डीलरशिप भी ली हुई है।

ग्लास टेक का सौन्दर्यकरण से ओत-प्रोत एक भव्य आउटलेट

फर्म के दूरदृष्टिपूर्ण प्रोपराइटर श्री रजनीकांत प्रसाद
साथ में इस पत्रिका के मुख्य सम्पादक श्री उमेश दत्त शर्मा एवं कार्यकारी सम्पादक अभिषेक शर्मा

गुवाहाटी (असम) की जानी-मानी चुनिन्दा, प्रतिष्ठित एवं साखयुक्त ट्रेडिंग फर्मों में गणना की जाने वाली फर्म मैसर्स 'ग्लास टेक', का सौन्दर्यकरण से ओत-प्रोत एक ऐसा भव्य आउटलेट है जो गत् 20 वर्षों (2005) से मूल्यवर्धित प्रोसेस्ड कांच एवं कांच उत्पादों की विविध श्रृंखला में समस्त प्रकार के समतल कांच - क्लीयर एवं टिन्टेड फ्लोट ग्लास, रिफ्लेक्टिव ग्लास, लेक्ड ग्लास, मिरर, डिजाइनर ग्लास, आर्किटेक्चरल टफण्ड ग्लास, इन्सुलेटिड ग्लास, लेमिनेटिड ग्लास आदि के साथ-साथ डायमण्ड की तरह क्रिस्टल क्लीयर बैब्ल्ड ग्लास, टेक्सचर्ड ग्लास, फ्यूज्ड ग्लास, ईचड, कलर ईचड ग्लास, पॉलिस्ड ग्लास, एसिड वर्क, कलर्ड एवं फेन्सी मिरर, इण्टीरियर्स एवं एक्सटीरियर्स के उद्देश्यों हेतु समस्त प्रकार के ग्लास जैसे - फ्लूटिड ग्लास, इवीए / फ़ैब्रिक / लेमिनेटिड ग्लास, एल ई डी मिरर, एल्युमिनियम डोर्स / विन्डोज / पार्टीशन्स, शॉवर-क्यूविकल्स,

एवं आर्किटेक्चरल ग्लास हार्डवेयर की सम्पूर्ण श्रृंखला का इस प्रकार डिस्प्ले किया गया है कि जिससे इनके मूल्यवान ग्राहकों को एक ही छत के नीचे उक्त सभी प्रोडक्ट्स की लाइव रेंज देखने को मिलती है, जिससे उन्हें प्रोडक्ट्स का चयन करने में काफी आसानी होती है।

मैसर्स 'ग्लास टेक' के गतिशील एवं दूरदृष्टिपूर्ण प्रोपराइटर 45 वर्षीय श्री रजनीकांत प्रसाद (जिन्हें लोग प्यार से मिन्दू जी कहते हैं) जो शिक्षा में बी.सी.ए. स्नातक हैं, इन्हें समतल कांच कारोबार का सघन अनुभव प्राप्त है, इन्होंने अपने कांच-कारोबारी कार्यकाल में अथक परिश्रम, व्यापारिक ईमानदारी एवं व्यवहार कुशलता के बल पर अच्छी-खासी उच्चस्तरीय साख भी अर्जित की है, इसी साख के बल पर इनसे कोई भी व्यापार करने के लिए हमेशा तत्पर रहता है। मैसर्स 'ग्लास टेक' की एक सहयोगी फर्म के रूप में मैसर्स 'इण्टीरियरिटी' भी है, जिसकी प्रोपराइटर श्रीमति पोलोमी प्रसाद

(धर्मपत्नी श्री रजनीकांत प्रसाद) हैं। श्री रजनीकांत प्रसाद का निजी कारोबार तो 20 वर्षीय ही है, लेकिन इनका समतल कांच कारोबारी अनुभव इससे भी कहीं अधिक है, क्योंकि गुवाहाटी स्थित मैसर्स ग्लास कॉर्नर, जो गत् 42 वर्षों (1983) से असम ही नहीं बल्कि नॉर्थ-ईस्ट की लीडिंग एवं अति विकसित ऑटोमोटिव एवं समतल कांच के क्षेत्र में थोक एवं रिटेल फार्मों में गणना की जाती है। ये इनका पैत्रक कांच कारोबार है और इसकी स्थापना इनके पिता श्री रमाकांत प्रसाद के द्वारा की गयी थी एवं वर्तमान में उक्त फर्म का कारोबारी संचालन श्री शशीकांत प्रसाद द्वारा किया जा रहा है और इसी फर्म में श्री रजनीकांत प्रसाद ने अपने प्रारंभिक कारोबारी कैरियर की शुरुआत अपने सघन अनुभवी पिता के मार्गदर्शन में की थी, जिसका इन्हें भरपूर लाभ मिल रहा है।

नीओटफ ग्लास सिस्टम द्वारा अत्याधुनिक उन्नत तकनीकीयुक्त प्लान्ट से यूपीवीसी एवं एल्युमिनियम डोर्स, विन्डोज का उत्पादन प्रारम्भ

फर्म के दूरदृष्टिपूर्ण एवं प्रगतिशील प्रोपराइटर श्री अभिषेक प्रसाद

मानव सभ्यता के प्राचीन काल से लेकर आधुनिक कालीन बिल्डिंग्स में एक अपरिहार्य आवश्यकता के रूप में समय-समय पर विभिन्न प्रकार के बिल्डिंग मैटेरियल - लकड़ी, स्टील, एल्युमिनियम, फाइबर ग्लास / विनायल / पीवीसी / यूपीवीसी आदि से निर्मित खिड़कियों एवं दरवाजों का प्रचलन दृष्टव्य है। प्राचीन काल में एक लम्बे समय तक लकड़ी की खिड़कियां एवं दरवाजे बहुतायत से प्रचलन में रहे, लेकिन कालान्तर में जनसंख्या के बढ़ते भारी दबाव से इमारती लकड़ी की मांग में भारी वृद्धि के कारण वृक्षों की अंधाधुन्ध कटाई से जंगलों का क्षेत्रफल घटने लगा और पर्यावरणीय कारणों से सरकारों द्वारा वृक्षों की कटाई प्रतिबन्धित होने लगी। अस्तु, लकड़ी की दुर्लभता के कारण लकड़ी के दरवाजे खिड़कियों, फर्नीचर आदि की कीमतों में क्रमिक रूप से भारी वृद्धि होने के

परिणामस्वरूप लकड़ी के विकल्प के रूप में स्टील, एल्युमिनियम, फाइबर ग्लास, पीवीसी एवं यूपीवीसी से निर्मित खिड़कियों एवं दरवाजों का प्रचलन क्रमशः बढ़ने लगा।

यूरोप, अमेरिका एवं विश्व के अनेक देशों में तो लकड़ी के विकल्प के रूप में एनोडाइज्ड एवं कोटिड एल्युमिनियम के दरवाजे एवं खिड़कियों का प्रचलन पर्याप्त समय से है, लेकिन गत कतिपय दशकों से जैसे वुड के स्थान पर एल्युमिनियम की खिड़कियों, पार्टिशन एवं दरवाजों का बहुतायत से प्रचलन बढ़ा, वैसे ही अब गत कुछ समय से यूपीवीसी (UNPLASTICISED POLY VINYL CHLORIDE) की खिड़कियों, पार्टिशन एवं दरवाजों का प्रचलन एक बड़े स्तर पर होने लगा है। भारत में भी इनके बढ़ते प्रचलन के मद्देनजर देश के अनेकों दूरदृष्टिपूर्ण उद्यमियों /

कारोबारियों ने भी यूपीवीसी खिड़कियों, दरवाजों के निर्माण की तरफ कदम बढ़ाये हैं।

गुवाहाटी, असम की जानी-मानी लब्धप्रतिष्ठित फर्म - मैसर्स ‘ग्लास को’ ने अभी हाल ही में अपने कारोबारी विस्तार कार्यक्रम के अन्तर्गत ‘नीओटफ ग्लास सिस्टम’ (NEOTUFF DOORS N WINDOWS) ब्रान्डेड उत्तम ग्रेड के यूपीवीसी एवं एल्युमिनियम खिड़कियों एवं दरवाजों के निर्माण का विगत वर्ष शुभारम्भ किया है।

फर्म के प्रोपराइटर श्री अभिषेक प्रसाद (सुपुत्र स्वर्गीय अशोक प्रसाद) ने उक्त जानकारी देते हुए बतलाया कि हमने भारतीय मार्केट में यूपीवीसी डोर्स-विन्डोज की बढ़ती हुई मांग को ध्यान में रखते हुए ‘यूपीवीसी’ से निर्मित एक्सीलेन्ट एवं ऐलीगेन्ट विन्डोज सिस्टम विकसित किया है और इनके निर्माण हेतु

गुवाहाटी, असम स्थित नवस्थापित फ़ैक्ट्री में अद्यतन टेक्नोलॉजी के साथ समस्त प्रकार की उन्नत तकनीकीयुक्त मशीनरी स्थापित की गयी हैं। इस निर्माण यूनिट की उत्पादन क्षमता लगभग 55 डोर्स / विन्डोज बनाने की है। फर्म उक्त यूपीवीसी प्रोडक्ट में जर्मन की प्रोफाइल 'SALAMANDER' का उपयोग करती है। विदित हो, उक्त फर्म द्वारा यूपीवीसी डोर्स, विन्डोज के साथ-साथ एल्युमिनियम डोर्स, विन्डोज, पार्टीशन्स के निर्माण का शुभारम्भ भी किया है, जिसमें 'ALUPURE' की प्रोफाइल का उपयोग किया जाता है।

श्री अभिषेक प्रसाद ने आगे बतलाया कि देश में यूपीवीसी डोर्स, विन्डोज एवं पार्टीशन्स का कारोबारी भविष्य अत्यन्त उज्ज्वल एवं प्रचुर सम्भावनाओं से परिपूर्ण है क्योंकि हाई परफोरमेंस आर्किटेक्चुरल यूपीवीसी विन्डोज एवं डोर्स प्रोडक्ट्स की अन्तर्निहित विशिष्ट विशेषताएं इस प्रकार हैं -

- ◆ वेदर प्रूफ
- ◆ टरमाइट प्रूफ
- ◆ कोरीजन प्रूफ

- ◆ फायर रेसिस्टेन्स
- ◆ वाटर रेसिस्टेन्स
- ◆ जीरो मैन्टेनेन्स
- ◆ इनर्जी एफीसेन्ट
- ◆ लाइट वेट
- ◆ साउन्ड इन्सुलेशन
- ◆ एन्वायरमेंट फ्रेंडली
- ◆ आर्किटेक्ट डिज़ाइट

मैसर्स 'ग्लास को' के सघन अनुभवी एवं दूरदृष्टिपूर्ण प्रोपराइटर श्री अभिषेक प्रसाद ने गुवाहाटी दौरे पर गये इस पत्रिका के मुख्य सम्पादक श्री उमेश दत्त शर्मा एवं कार्यकारी सम्पादक अभिषेक शर्मा से बात-चीत करते हुए बतलाया कि मार्च, 1993 में गार्जियन ग्रुप ऑफ अमेरिका एवं मोदी रबड़ लि0 के संयुक्त उद्यम के रूप में विश्व स्तरीय फ्लोट ग्लास की क्रान्ति के रूप में सूत्रपात हुआ और जब से लेकर आज तक गत् 32 वर्षों के दौरान देशीय समतल कांच उद्योग व्यापार सघन पूंजी विनियोग, तकनीकी उन्नयन, उत्पादन क्षमता एवं मांग में अभूतपूर्व विकास आदि के दृष्टिकोण से क्रान्तिकारी परिवर्तन हुए हैं और इसके परिणाम स्वरूप जो

उद्यमी एवं कारोबारी उक्त उद्योग व्यापार के बदलते परिदृश्य में समय के साथ अपने कारोबार के तौर तरीकों में सम्यक परिवर्तन ले आये हैं, वे निरन्तर प्रगति के पथ पर अग्रसर हैं। इस दिशा में हमने भी 2006 में अपनी फर्म की स्थापना के समय से ही अपने कारोबार के उन्नयन हेतु अनेकों वांछित कदम उठाये हैं और समस्त प्रकार के मूल्यवर्धित ग्लास प्रोसेसिंग का शुभारम्भ किया।

मैसर्स 'ग्लास को' के 33 वर्षीय प्रोपराइटर श्री अभिषेक प्रसाद जिन्होंने उच्च शिक्षा प्राप्त की है, ये ऐसे दूरदृष्टिपूर्ण प्रगतिशील विचारों वाले उद्यमी/व्यावसायी हैं जिन्होंने अपने कारोबार का समय-समय पर विस्तार किया है। श्री अभिषेक प्रसाद ने अपने कारोबारी कैरियर की शुरुआत अपने पिताश्री अशोक प्रसाद (जिनका 1 मई 2024 को स्वर्गवास हो चुका है) द्वारा स्थापित कांच कारोबार से की और जब से लेकर आज तक अपने कारोबार में नये-नये आमूल-चूल परिवर्तन करते हुए शिखर की तरफ अग्रसर हैं।

DURING THE SECOND QUARTER (JULY-SEPTEMBER'25) OF THE CURRENT FISCAL YEAR 2025-26, PRICES OF DOMESTICALLY PRODUCED FLOAT GLASS DECLINED DUE TO SLUGGISH DEMAND.

During the second quarter (July–September, 2025) of the current financial year 2025–26, due to sluggish demand in the domestic market for clear and tinted float glass, reflective glass, lacquered glass, and mirror, the prices of domestically manufactured float glass are continuously declining. During July–September, 2025, apart from the automobile glass industry, a slowdown was observed in the construction industry and the retail market in the last quarter. According to market sources, during July–September, 2025, the demand for float glass recorded a decline of about 20 percent, due to which a decline is also being registered in the prices of domestically manufactured float glass. But in the coming time, there is a complete possibility that the demand and prices of float glass will soon increase.

It is also well known that during the monsoon period every year, work in the construction sector either comes to a halt or moves at a

slow pace. Thus, this year, in most of the states of the country, along with heavy rainfall, the situation of floods also prevailed, as a result of which the situation has been very bad in states such as Punjab, Uttarakhand, Himachal Pradesh, Rajasthan, Uttar Pradesh, Madhya Pradesh, Maharashtra, Gujarat, Chhattisgarh, etc., which are primarily the major consumption sectors of glass in construction. It is also well known that during this period (July–September, 2025), when we toured West Bengal, Assam, Rajasthan, Maharashtra, Karnataka, Haryana, and the National Capital Region, we too clearly observed the trend of sluggishness in the market.

It is noteworthy that during July–September, 2025, the prevailing wholesale prices of clear float glass of 4 mm to 6 mm were recorded at around 50, 48, 46 respectively, and of 8 mm to 12 mm were recorded at around 54, 52, 50 rupees per mm per square meter. Thus, during this quarter, the prices fell by 2 rupees per mm per square meter every month. According to market sources, during July–

September, 2025, along with domestically manufactured float glass, the demand for imported clear float glass also decreased, due to which imported float glass was imported in the months of July and August at about 25,000 and 22,000 tons respectively.

At present, from the perspective of production cost, the Indian float glass industry is passing through a very complex, complicated, and adverse phase of delicate conditions. Like the mythical demoness 'Surasas', the heavy burden of production cost is continuously increasing rapidly on the domestic glass industry. Although there has been unexpectedly remarkable increase in the prices of natural gas, transportation, electricity, water, labor, wages, and raw materials such as soda ash, silica sand, feldspar, dolomite, and quartz powder used in glass melting, but in accordance with the rising production cost, the prices of glass are not able to increase. Whenever manufacturers increase or attempt to increase the prices of their products, they succeed very little.

INDIA, THE FASTEST GROWING ECONOMY IN THE WORLD

INDIA'S GROWTH RATE WILL REMAIN AT 6.9%

New Delhi. Fitch Ratings agency has increased the GDP growth rate estimate for the current financial year to 6.9 percent, raising it from the earlier estimate of 6.5 percent. Fitch is the first agency that

has raised the growth estimate for India for 2025–26. In its September global economic outlook, the rating agency said that during the March and June quarters of the current financial year, there has been rapid

growth in economic activities. The real GDP growth rate increased from 7.4 percent in January–March to 7.8 percent in April–June on an annual basis.

NANNUMAL GLASS WORKS EXPANDS PRODUCTION CAPACITY

Company Director's Mr. Sagar Mittal and Mr. Samar Mittal along with Executive Editor of this Magazine Abhishek Sharma

The figured glass manufacturing company - M/s Nannumal Glass Works, located in Firozabad (which is renowned across the country as the 'city of suhag'), Uttar Pradesh, and is counted among the reputed and select figured glass manufacturing companies, has been engaged for the past 12 years in the production of figured glass of all types of clear and innovative designs, and whose current production capacity is about 100 tons per day, has expanded its business further as per the demand by increasing its production capacity by about 50 tons per day.

It is well known that in the above mentioned furnace of the

company, option of two lines for production purposes already existed, but the company's management had so far carried out production through only one line of the furnace. However, recently, the company has added one more line in the furnace, by which from September 2025 the production capacity has increased by 50 tons per day, and at present the company's total production capacity has become about 150 tons per day. Now, after the increase in the company's production capacity, the problem of supplying according to the increasing demand in the domestic market, which was being felt earlier, will no longer exist, and in the coming time, the

company has become even more capable of supplying figured glass to its valued customers/dealers as per their demand. The company keeps expanding its business from time to time, in which, in August 2024, the company for the first time started the production of grey color figured glass, which is being liked to a great extent in the market.

During a special meeting with this magazine's Executive Editor Abhishek Sharma and Deputy Editor Raja Bhardwaj, who visited Firozabad, the company's Directors Mr. Sagar Mittal, Mr. Samar Mittal, and National Head (Sales and Marketing) Mr. Piyush Sharma shared that our company, along with colored figured glass, is also producing various types of enchanting designs, which includes market's preferred designs like pinhead, kempty, sparkle, joy opaque, cube, daisy, kohinoor, hexaline, and anarkali.

The FM Group has been engaged in the glass business for more than three decades, and along with M/s Nannumal Glass Works, several other companies (Farukhi Glass Industries, Jupiter Glass Works Pvt. Ltd., FM Infracity Pvt. Ltd., and Ved Glass Industries) are also included in this group. The FM Group, in its business tenure of the past three decades, has achieved unprecedented

business progress and earned significant goodwill.

It is well known that the current phase of the figured glass industry will be written in golden letters in history, because the prices of figured glass are being recorded at a very high level. The company's management might also be having similar thought of increasing the production of figured glass so that they can also contribute to the increasing demand of figured glass in the country and at the same time earn higher profit margins through attractive prices. It is also well known that the demand for figured glass in the country is decreasing day by day, but it is not decreasing as much as the production has decreased. The company's management has taken the "right decision at the right time" and, in accordance with the times, has increased its production capacity by installing another line in its figured glass plant.

At present, four manufacturing companies—Gopal Glass

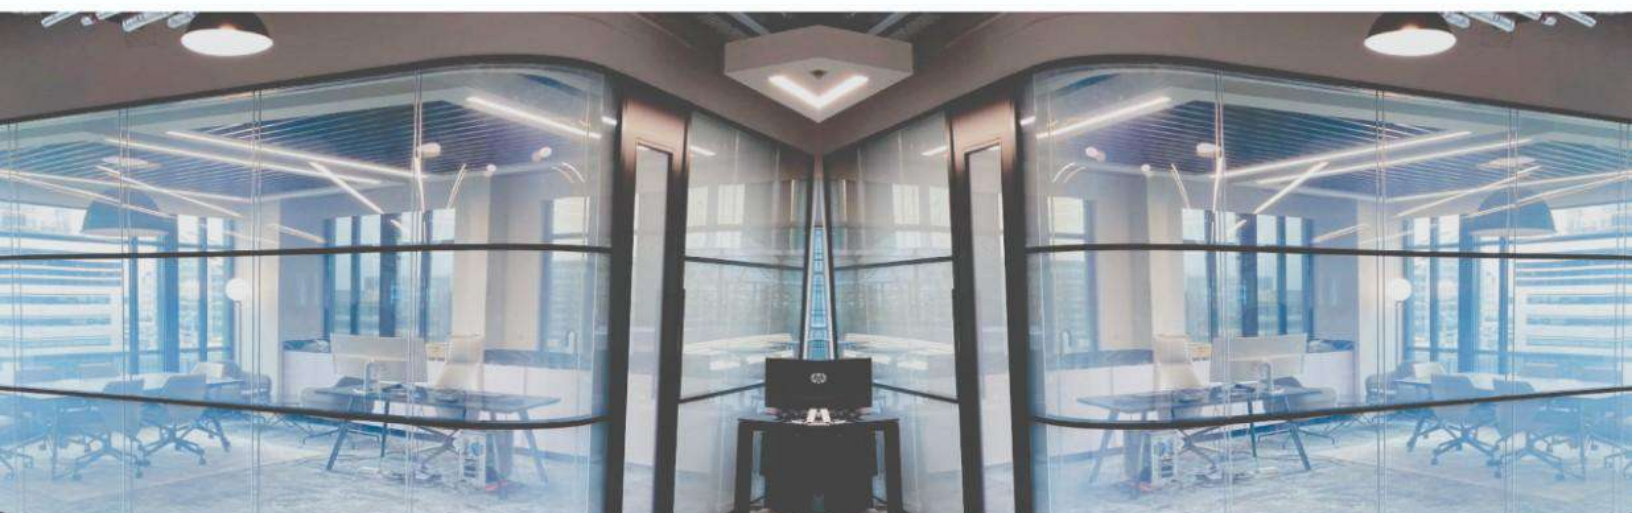

Works Ltd., Triveni Pattern Glass Pvt. Ltd., Sumangal Glass Pvt. Ltd., and Nannumal Glass Works are operational in the Indian figured glass industry, with a total production capacity of about 750 tons per day. Among the clear and colored figured glass and various types of designer glasses manufactured by them, a balance has been maintained on the basis of demand, due to which, because of the proper harmony between demand and supply, the business performance of the above industry is satisfactory, and even though these are tough cast products, the prices are almost equivalent to float glass.

The National Head of M/s Nannumal Glass Works, Mr. Piyush Sharma, has been working in this company since the beginning of its commencement, and has maintained a strong hold in the market, and the domestic glass traders are greatly impressed with his working style and courteous behavior. Mr. Piyush Sharma, for a long time (12 years with complete loyalty and

Mr. Piyush Sharma
National Head (Sales and Marketing)

dedication) has been working in the FM Group's associate company M/s Nannumal Glass Works, and his personality is highly influential, and in the field of domestic glass business, traders/entrepreneurs look at him with great respect because of his dedication and fulfillment of responsibilities with complete accountability, and they also give him full honor. The point is that the sales and marketing team of Nannumal Glass Works is extremely strong.

PRODUCTION COMMENCED FROM THE SECOND IMPORTED, ADVANCED-TECHNOLOGY INSULATING GLASS LINE BY AGARWAL TOUGHENED GLASS

Dynamic Director of the Company Mr. Mahesh Agarwal

M/s Agarwal Toughened Glass India Ltd., situated at Ramchandrapura Industrial Area, Sitapura, Jaipur, is one of North India's most progressive and reputed processing companies, which has for the last nine years

been engaged in the manufacturing of world-class tempered, insulated, and laminated safety glass with state-of-the-art production facilities, has once again undertaken a massive expansion of its business. Recently, under Unit-2,

it has installed an ultra-modern, advanced-technology glass line imported from the China-based company WEILI, from which, since September 2025, high-quality insulated glass is being manufactured under the brand name "Agarwal". From this insulating glass line, insulated glass of up to a maximum size of 2900 mm x 5100 mm can be manufactured.

During a special interaction with Mr. Umesh Dutt Sharma, the Chief Editor, and Mr. Abhishek Sharma, the Executive Editor of this magazine, the highly experienced, dynamic, and visionary Directors of M/s Agarwal Toughened Glass India Ltd., Mr. Rajesh Agarwal and Mr. Mahesh Agarwal, stated that our company has set up this insulating glass line under Unit-2 with the objective of meeting the growing demand for insulated glass in the market, enabling us to supply not only to our valued customers but also to projects promptly and

A Picture of Insulating Glass Line (DGU) set-up by the Company

efficiently.

It is well known that in building structures, the use of insulated glass, on the one hand, prevents unwanted severe heat from entering inside the building, while on the other hand, it also helps in controlling noise pollution. The country is constantly facing a power crisis. By using insulated glass in buildings, the national power crisis can be significantly reduced through energy savings.

Due to these inherent features and utilities of insulated glass, there are abundant possibilities for its usage in the domestic market, and at the same time, the demand for insulated glass is increasing extraordinarily day by day and year after year. Keeping these possibilities in view, our company has established the second insulating glass line and commenced the production of insulated glass.

A BRIEF DESCRIPTION OF THE COMPANY

M/s Agarwal Toughened Glass India Ltd. has presented an example of unprecedented business progress in its nine-year glass processing enterprise, which is rarely seen elsewhere. It is to be noted that the company entered the glass processing business in June 2016 through the tempering furnace of 'Land Glass.' Subsequently, it rapidly expanded its operations with an insulating glass line from 'Weili,' a jumbo size (10x20') P.V.B. (autoclave) laminating glass line imported in 2021 from Hangdong, China, and in 2023, a jumbo size tempering line (10x20) imported from the

China-based 'Mountain' company, which has been in production since September 2023. Thus, at present, the company has two horizontal tempering lines, two insulating lines, and one PVB laminated glass line in production, with double production capacity.

Mr. Mahesh Agrawal also stated that, keeping in mind the remarkable increase in their tempering capacity, the company has imported advanced technologically equipped pre-processing machinery, including a 10'x20' automatic cutting line from the renowned glass cutting machinery manufacturer 'Intermac,'

which performs its desired function with rapid accuracy and full efficiency. The other machinery includes 'Golive's' double edger and washing machine.

It is to be noted that the progenitor of M/s Agrawal Toughened Glass India Ltd. is one of northern India's prestigious and leading wholesale glass trading companies/firms, M/s Agrawal Float Glass India Ltd., which has been engaged for nearly 28 years in high-level business of all types of flat glass, including clear and tinted float glass, reflective glass, thicker glass, wired glass, mirrors, figured glass, etc.

Aaima Industries is once again expanding its business significantly

THE NEWLY ESTABLISHED COMPANY, AAIMA GLASS INDIA PRIVATE LIMITED, HAS COMMENCED PRODUCTION FROM THREE GLASS LINES – FLAT / BEND TEMPERING, INSULATING, AND PVB LAMINATING – EQUIPPED WITH STATE-OF-THE-ART TECHNOLOGY.

Intensely experienced, dynamic, and visionary
Managing Director of Company Mr. Raju Choudhary

M/s Aaima Industries, located in Jodhpur, engaged in the production and trade of world-class tempered, insulated, and laminated glass such as high-tech glass glazing, equipped with state-of-the-art manufacturing facilities, is one such processing company of Northern India which, in a short span of time, has established a milestone while making unprecedented business progress. It is well known that Mr. Raju Choudhary, MD of (from Southern India to Northern India) M/s Aaima Glass Corporation (in 2014) located in Hyderabad (Andhra Pradesh) and M/s Aaima Industries (in 2016) located in Jodhpur (Rajasthan), through his many well-established and

prestigious firms, has been engaged for years in the processing of all types of flat glass and value-added glass, and recently, while taking a high-level business leap, he has established a new corporate company M/s Aaima Glass India Pvt. Ltd. in Jodhpur (which is famous as the Sun City), under which three plants equipped with advanced state-of-the-art technology— flat / bend tempering (architectural and automotive), insulating, and PVB (autoclave) laminating glass plants—have been set up simultaneously, through which, from October 2025, under the 'Aaima' brand, all types of world-class, high-quality flat glass—clear and tinted float glass, reflective

glass, shower cubicles, glass furniture, interiors and exteriors, curtain walling, structural glazing frameless glass doors/ windows/ partitions, etc.—are being tempered and heat-strengthened in sizes of 8'x14' and thickness ranging from 4 mm to 19 mm. The company has imported a jumbo size glass cutting machine of 10.5' x 20" from China-based company 'Stron' and a double edger machine from 'Hiseng'.

The newly established company M/s Aaima Glass India Pvt. Ltd. was formally inaugurated on 2 October 2025, the day of Vijayadashami, by family members with worship and rituals. On this auspicious occasion, glass traders, fabricators, architects, eminent persons, friends, and relatives from Jodhpur as well as neighboring cities attended and enhanced the glory of this auspicious occasion and extended best wishes for business prosperity to the company's Director Mr. Raju Choudhary and his younger brother Mr. Mohan Choudhary. Mr. Raju Choudhary also organized a grand lunch in honor of all the guests.

The intensely experienced, dynamic, and visionary Managing Director of M/s Aaima Glass India Pvt. Ltd., Mr. Raju Choudhary,

while speaking to the Chief Editor of this magazine Mr. Umesh Dutt Sharma and Executive Editor Abhishek Sharma during their Jodhpur visit, explained that we have established along with a tempered laminating glass line, under Unit-2, an insulating glass line as well, for the purpose of completing our architectural range, so that we can provide our valued customers with the maximum range of architectural glass under one roof. It is well known that in building structures, where on one hand insulated glass prevents unwanted extreme heat from entering inside the building, on the other hand it also controls noise pollution. The electricity crisis in the country always persists. With the use of insulated glass in buildings, the national electricity crisis can also be reduced to a great extent through electricity savings. Because of

these inherent qualities and utilities of insulated glass, there are ample possibilities for the use of insulated glass in the domestic market, and year after year the demand for insulated glass is increasing unprecedentedly. Our company has also established a PVB (autoclave) laminating safety glass line, through which laminated safety glass of all types of flat glass—clear and tinted float glass, reflective glass, etc.—in thickness from 2.5 mm to 19 mm is being produced, which can be used in buses/railway coaches (automotive glass) as well as in doors/windows, household furniture, kitchen and bathroom shelves, glass skylights, table tops, glass railings, etc.

It is globally well known that laminated safety glass made through the PVB (poly vinyl butryl) process, according to international quality specifications, is

Dynamic Director of the Company
Mr. Mohan Choudhary

undoubtedly considered a world-class product of excellent quality, and for its production, expensive machinery and PVB film are also required.

BRIEF INTRODUCTION OF THE COMPANY

M/s Aaima Industries has been engaged in the production of tempered glass for the past 9 years, but the long and intensive entrepreneurial career of the firm's senior entrepreneur Mr. Raju Choudhary, spanning 32 years, has been filled with many remarkable business achievements. Commencing the glass business from Hyderabad (Andhra Pradesh), the highly enthusiastic, dynamic, and visionary business

entrepreneur Mr. Raju Choudhary played a foundational role in the business progress, year after year, from the establishment of the well-known and reputed glass processing (tempering) firms M/s Nandi Tuff and M/s Aaima Glass Corporation located in Hyderabad, Southern India.

Mr. Raju Choudhary, renowned as 'Vikas Purush', started high-level glass business/industry with the commencement

of glass processing (tempering) firms - M/s Aaima Industries and Aaima Window Craft in 2016 in Jodhpur, and these two firms, during their business tenure, created a unique identity for themselves, and at present both the firms are advancing on the path of business progress.

It is universally known that the progressive, dynamic, and visionary Raju Choudhary is well aware of this fact that in the

currently prevalent intense global business competition, ample and abundant opportunities for business / enterprise at a regional level always exist everywhere, and they can be harnessed at the right time.

M/s Aaima Industries, along with the production of toughened glass, is also engaged in the business of manufacturing UPVC doors and aluminum doors / windows under 'M/s Aaima Window Craft'. In addition to this, the firm is also engaged in the

production of various types of value-added processed glass and glass products for interior decoration—diamond-like crystal clear beveled polished glass, digital printed glass and other innovative decorative designer glass/mirrors.

It is also well known that 'Aaima Group' has been named after the family deity of Mr. Raju Choudhary, 'Shri Aai Maa'. The Aai Mata Temple is located in the Bilara town of Jodhpur district, which is a world-famous temple

known for the 'Akhand Kesar Jyoti'. This flame has been continuously burning for 650 years, and instead of kajal, kesar (saffron) drips from it, which is considered miraculous. This temple belongs to Shri Aai Mata (who is considered to be a form of Amba Mata), the family deity of the Sirvi community. Every year, during both the Navratris, huge fairs are organized here, in which devotees from India and abroad come for darshan.

PRODUCTION BEGINS FROM IMPORTED ULTRA-MODERN EXCELLENT QUALITY SECOND HORIZONTAL TEMPERING LINE BY HTC

thickness ranging from 2.5 mm to 19 mm is also being manufactured, which can be used in doors/windows, household furniture, kitchen and bathroom shelves, glass skylights, table-top glass, world-class tempered glass railings, etc.

It is well known that laminated safety glass manufactured with the process of PVB (Poly Vinyl Butyral) as per international quality specifications is undoubtedly considered a world-class premium product, and its manufacturing requires expensive machinery and PVB film.

Famous as the "Sun City," Jodhpur (Rajasthan) based M/s HTC Toughened Glass, counted among the progressive processing companies of Northern India, has been engaged since the last 11 years (14 February 2014) in the manufacturing of world-class tempered, insulated, and PVB laminated glass with state-of-the-art manufacturing facilities. Recently, the company has again carried out a major expansion of its business by installing an advanced, superior-quality horizontal tempering line from Luoyang Easttec Glass Automation Equipment Co. Ltd., China. With this, from August 2025 onwards, under the brand

name 'HTC Toughened Glass,' world-class high-quality tempered/heat-strengthened glass of all types of flat glass—clear and tinted float glass, reflective glass, shower cubicles, glass furniture, interiors and exteriors, curtain-walling, structural glazing, frameless glass doors/windows/partitions, etc.—can be manufactured in sizes up to 10' x 16' and thickness ranging from 4 mm to 19 mm. At the same time, the company had already established in 2023 a PVB laminating safety glass line, through which laminated safety glass of all types of flat glass—clear and tinted float glass, reflective glass, etc.—with

The dynamic and farsighted director of M/s HTC Toughened Glass, Shri Hanwant Doyal, while sharing information with this magazine's Chief Editor Shri Umesh Dutt Sharma and Executive Editor Abhishek Sharma during their visit to Jodhpur, stated that with the installation of the second horizontal tempering furnace world-class quality tempered glass is being manufactured. To consistently maintain the excellent quality of the tempered glass produced from this tempering furnace, the 'quality monitoring system' of this tempering line is unmatched. Due to the uniform heating and cooling system and high-grade ceramic rollers used in

this furnace, not only is the flatness of the tempered glass maintained, but also the coating of reflective glass gains even more brilliance, and along with this, expertise in manufacturing soft-coated triple silver Low-E glass is also achieved. From this “fan-forced convection” tempering furnace, not only world-class quality tempered glass can be produced, but its production capacity is also said to be quite substantial. The company director, continuing further stated that in recent years, along with major projects in the construction industry and domestic glass economy, the demand for tempered glass has been increasing day by day in medium-level building projects as well. Another major reason for the increase in the demand for tempered glass has been that, due to the rapid establishment of a large number of tempering plants in the country, tough competition has emerged in the glass processing industry, as a result of which the prices of tempered glass have relatively decreased, and due to lower prices, its demand has also increased. Since the difference in the prices of plain glass and value-added tempered glass has become considerably small, consumers have started using tempered glass (which is five times stronger and safer than

plain glass) in place of plain glass, due to which there has been an unprecedented increase in the demand for tempered glass.

It is well known that a few years ago the Government of India made it mandatory to use tempered glass in the building construction industry, but according to experts, even now plain glass is being used in large quantities in place of tempered glass. Thus, during recent years, awareness has also arisen among the general public that, instead of plain glass, safe and strong tempered safety glass should be used more and more in buildings. As a result of this awareness among the public as well, the demand for tempered glass has increased. It is also well known that the company is contributing significantly to meeting the increasing demand for safe glass in its home state Rajasthan as well as in neighboring states.

It is also to be noted that the superior quality of processed, value-added finished glass and glass products depends on the fact that the pre-processing work of glass and glass products—such as cutting, edging, holing, drilling, washing, etc.—is done with what quality. All traders connected with flat glass and processing know well that glass never breaks from the middle; whenever it breaks, it breaks from the edges only.

Similarly, for holing / drilling / washing of glass, pre-processing machinery must be advanced and technologically equipped. The quality of processed glass depends on this itself. This pre-processing machinery has been installed in the company since the commencement of production.

It is to be noted that in 1990 Shri Harish Chandra (who passed away in 2022) established a glass trading firm under the name M/s Harish Trading Company. At present, the name of the firm has been changed to M/s Harish Glass and Hardware Pvt. Ltd., and the business operations of this firm are being carried out by Aarish Doyal and Aryan Doyal (sons of Shri Hanwant Doyal and grandsons of Shri Harish Chandra).

It is also to be noted that until 2023 the business operations of this firm were being carried out by Shri Dinesh Doyal, elder son of Shri Harish Chandra, but after his sudden demise, these two young men, along with their studies, are making full efforts to take forward in new directions and dimensions, the glass business established by their grandfather and developed by their father and uncle, towards greater heights. From such young entrepreneurs, the domestic flat glass industry and trade have a lot of hopes and expectations.

A Joint Venture of Nezone, D Square and Hi-Tech Glass Industries

GLASS INDIA – FROM GLASS TO 'KISNA' DIAMOND & GOLD JEWELRY : A PLEASANT AND SUCCESSFUL BUSINESS JOURNEY

Hi-Tech Glass Industries and D Square Glass, located in Guwahati (Assam), which for quite some time have been engaged in the manufacturing of world-class tempered glass, insulated glass, EVA laminated glass, and UPVC doors/windows with state-of-the-art production facilities, along with their parent company, M/s Glass India, which has been engaged in the glass business for the past 35 years—its 60-year-old Chairman, Mr. Dilip Prasad, has launched a new business venture away from the traditional line. Under this, on October 18, 2024, M/s 'Kisna' Diamond & Gold Jewelry inaugurated a spacious and magnificent three-storied showroom at 'Aath Gaon',

Guwahati. This showroom has taken the franchise of the country's renowned gold and diamond jewelry manufacturing company 'Kisna.' In the same sequence, about 15 years ago, a three-star-level 'Nezone Hotel' was also established. Mr. Dilip Prasad has proved the so-called proverb—“Ordinary people walk on the beaten track; only poets, lions, and worthy sons take new paths.”

Because prior to this hotel and jewelry showroom, his experience was limited only to the glass business. He has also set an example of being a far-sighted and intelligent businessman, something that is rarely seen elsewhere, since until now

businessmen/glass processing entrepreneurs have expanded their businesses only within the domain of glass itself. But he, moving beyond selling glass, has also ventured into the trade of gold and diamonds.

Along with Mr. Dilip Prasad, his two young sons, Mr. Diwakar Prasad and Mr. Gaurav Prasad, under his guidance and inspired by him, are efficiently managing the business established and developed by their illustrious father and are making every effort to take it towards greater heights. It is noteworthy that very recently, another new jewelry showroom, Nezone Jewelers LLP, has also been inaugurated.

Mr. Ghanashyam Dholkia, Founder of 'Kisna' Diamond & Gold Jewellery (Hari Krishna Group) along with Mr. Dilip Prasad, Founder of 'Glass India' along with his family members cutting the ribbon to inaugurate the showroom

A BRIEF DESCRIPTION OF THE COMPANY

Mr. Dilip Prasad, founder of Hi-Tech Glass Industries based in Guwahati (Assam) and the newly established company D. Square Glass, who has extensive experience in the flat glass industry and trade, began his glass business career about 35 years ago in 1990 with the firm M/s Glass India, located at Aathgaon, Guwahati. In M/s Glass India, he engaged not only in the trading of automotive toughened glass but also in the manufacturing of laminated safety glass, and the firm made its mark throughout Guwahati as well as the entire North-East, earning both name and profit, eventually attaining the status of a wholesale trading firm of automotive glass. From time to time, Mr. Dilip Prasad also expanded his business. In 1994, he established M/s Purbanchal Safety Glass Pvt. Ltd. at Siliguri, West Bengal, as a corporate company, and in 2004, he

founded Nezone Glass Pvt. Ltd. in Guwahati and commenced the manufacturing of flat and bend toughened glass entirely for automotive purposes. Subsequently, in 2014, he set up M/s Hi-Tech Glass Industries. Along with being a successful businessman, Mr. Dilip Prasad is also an extremely tactful entrepreneur, who in his business career has made such remarkable business progress that examples of it are rarely found elsewhere. At present, Mr. Dilip Prasad's capable 35-year-old elder son, Mr. Diwakar Prasad, who holds a B.Tech degree, looks after the entire responsibility of the plant as well as projects. His second son, Mr. Gaurav Prasad, aged 31, who holds a B.Com degree, is fully managing the company's marketing operations. Both, under the guidance of their vastly experienced father, are efficiently

managing the processing company Hi-Tech Glass Industries and the newly established company D. Square Glass at high professional standards, providing new direction daily and taking their glass business to greater heights.

It is noteworthy that the present directors of M/s Purbanchal Safety Glass Pvt. Ltd., Siliguri, West Bengal, are Mr. Rishabh Singhal and his wife Mrs. Vijeta Singhal, along with Mr. Gaurav Prasad. However, primarily, the company's business is being efficiently managed under the guidance of Mr. Dilip Prasad by Mr. Rishabh Singhal and Mrs. Vijeta Singhal, who hold, respectively, a Bachelor's degree and an MBA, and who are his son-in-law and daughter. The national flat glass industry and trade have great hopes and expectations from such young entrepreneurs.

PRODUCTION COMMENCES FROM THE ADVANCED, STATE-OF-THE-ART INSULATING GLASS LINE IMPORTED BY ANAND GLASS

The Young Director of the Company, Mr. Anand Sagar Das, along with the Chief Editor of this Magazine, Mr. Umesh Dutt Sharma & Executive Editor, Abhishek Sharma.

M/s Anand Glass, a renowned and well-established processing company of Eastern India, located in Bhubaneswar, Odisha—popularly known as the “City of

Temples” and infused with “aesthetic beauty”—which has been engaged in the manufacturing of tempered glass for the past two years, has once

again undertaken a major expansion of its business. Very recently, the firm imported from 'LIJIANG' company, China, a state-of-the-art, technologically advanced insulating glass line, through which, from June 2025 onwards, under the brand name 'A.G. TOUGHENED,' high-quality insulating glass for architectural purposes is being produced. This insulating glass line is capable of manufacturing insulating glass up to the sizes of 2500 mm × 4000 mm.

The main features of this imported insulating glass line are as follows—

- ◆ Max DGU size 2500*4000mm.
- ◆ Can Fill Argon Gas.
- ◆ Adjustable Pressing Section can make sure the two or triple

A Picture of Insulating Glass line set-up by the Company

glass was pressed evenly and uniformly.

- ◆ Advanced butyl extruder machine to make a perfect first sealing, which is the most important seal and it decides the quality of DGU.

The experienced, dynamic, and farsighted Managing Director of M/s Anand Glass, Mr. Premanand Das, along with his only young son, Mr. Anand Sagar Das, informed this magazine's Executive Editor, Abhishek Sharma, over telephone that they have established an insulating glass line with the objective of completing their architectural range, so that they can provide their valued customers with the maximum range of architectural glass under one roof. It is well known that the use of insulating glass in building structures not only prevents unwanted excessive heat from entering inside the building but also controls noise pollution. The country

continuously faces a power crisis. By using insulating glass in buildings, through energy conservation, the national electricity shortage can also be reduced to a great extent. Due to these inherent characteristics and utilities of insulating glass, there are abundant possibilities for its use in the domestic market, and, simultaneously, the demand for insulating glass is witnessing unprecedented growth day by day, year after year. In view of these possibilities, our company has, along with tempered glass, also commenced the production of insulating glass.

M/s Anand Glass, one of the reputed and leading wholesale glass trading companies/firms of Eastern India, located in Bhubaneswar (Odisha), which for the past 32 years has been engaged in high-level trade of all types of flat glass—clear and tinted float glass, reflective glass, thicker glass, mirrors, and figured glass—had, just last year,

Experienced & Farsighted MD of the Company
Mr. Premanand Das

expanded its business by venturing into glass processing (tempering line). Progressing continuously on the path of growth year after year, within only two years the company has once again expanded its business and, along with tempered glass, from June 2025 has also commenced the production of high-quality insulating glass.

A BRIEF DESCRIPTION OF THE COMPANY

The 61-year-old progressive founder and proprietor of M/s Anand Glass, Mr. Premanand Das, who is a postgraduate by education, began his glass business career in 1993 at a very small scale and, progressing year by year, in 1997, in accordance with the demand of the time, also

commenced the processing of value-added glass and in 2007 commenced the manufacturing of bend glass.

A new wave of energy was infused into M/s Anand Glass when Mr. Premanand Das's only son, Mr. Anand Sagar Das, after completing his higher education

(MBA), entered into the glass business established and developed by his father. Mr. Anand Sagar Das, under the guidance of his deeply experienced father, is efficiently handling with full responsibility all the managerial operations of his processing company.

THE FORMAL ACQUISITION OF 'GLASSIC TUFF' NOIDA'S TOUGHENED GLASS PLANT BY 'HINDUSTAN GLASS' MATHURA

Experienced and farsighted promoter of Company Janab Nabeel Malik

The well-known, reputed glass business firm of Mathura (Uttar Pradesh), M/s Hindustan Glass, which for the past six years has been engaged in the business and processing of all types of flat glass such as clear and tinted float glass, reflective glass, lacquered glass, mirror, architectural toughened glass, insulated glass, laminated glass, fabric glass, UPVC and aluminum fabrication, aluminum slim profile, structural glazing, curtain walling (ACP) and in a wide range of various value-added processed glass and glass

products like diamond-like crystal clear beveled glass, etched / engraved glass, innovative decorative designer glasses / mirrors, frameless glass doors, glass pillars, etc., has recently expanded its business on a large scale by acquiring the toughened glass plant of 'Glassic Tuff' Noida. From August 1, 2025, under the brand 'Glassic Tuff', world-class, high-quality flat glass of all kinds such as clear and tinted float glass, reflective, shower cubicles, glass furniture, interiors and exteriors, frameless glass doors / windows / partitions etc. in 8'x12' sizes and in thicknesses ranging from 4 mm to 19 mm of tempered / heat strengthened glass are being manufactured.

The deeply experienced and farsighted promoter of M/s 'Glassic Tuff', Janab Nabeel Malik, while talking to this magazine's executive editor Abhishek Sharma and deputy editor Raja Bhardwaj during their Mathura visit, stated that all types of flat glass such as clear and tinted float glass, high performance reflective, low-e glass, shower cubicles and patterned glass can be tempered according to world-class quality standards with the tempering factory we have acquired. He further added that our company is making its important contribution

in meeting the growing demand for safety glass from Noida to Mathura as well as in the adjoining border states.

It is also well known that the excellent quality of processed, value-added finished glass and glass products depends on the proven fact that the pre-processing work of glass and glass products such as cutting, edging, holing, drilling, washing, etc. is done with what quality. All traders associated with flat glass and processing know very well that glass never breaks from the middle; whenever it breaks, it always breaks from the edges. Similarly, for the holing, drilling/washing of glass, it is absolutely necessary that the pre-processing machinery is of advanced technology. The quality of tempered glass depends on this. The above pre-processing machinery has been installed in the company since the commencement of production.

It is also well known that M/s 'Glassic Tuff' was established in Noida in 2022 in the form of tempered glass manufacturing company by Mr. S. R. Shahi. Subsequently, in 2024 the company was acquired by Mr. Rahman Sheikh, and very recently in August 2025, this company has been completely and formally

acquired by Janab Nabeel Malik, proprietor of M/s Hindustan Glass situated in Mathura. Thus, from the establishment of the above company till today in about three years, it has passed through the hands of two owners, and at present this company has now

come into the hands of its third promoter, Janab Nabeel Malik, who, along with being a competent person, is also a good businessman and has deep experience in the flat glass business and understands the intricacies of glass very well. Now

the operation of this company is being successfully carried out by Janab Nabeel Malik with his acumen. The Glass News magazine family extends heartfelt wishes of business prosperity to Janab Nabeel Malik.

BHARAT SAFETY GLASS

ARCHITECTURAL SAFETY GLASS SOLUTION

DESCRIPTION

Toughened or Tempered glass is a type of safety glass processed by controlled thermal or chemical treatments to increase its strength compared with normal (annealed) glass. BSG Toughened glass is physically and thermally 4 To 5 times stronger than regular glass.

PRODUCT FEATURES

Minimum Size :- 4 To 19 mm Thickness 300 x 300 mm
Maximum Size :- 4 To 19 mm Thickness 2800 x 5000 mm

APPLICATION

1. Architectural Glass Doors and Partitions.
2. Shower Cubicles
3. Table Tops
4. Passenger Vehicle Windows
5. Refrigerator Trays
6. Glass in Cooking Ranges and Microwave Ovens.

INFINITY TIRUPATI GLASS PVT. LTD. EXPANDS ITS BUSINESS BY SETTING UP ANOTHER SPACIOUS WAREHOUSE AND STATE-OF-THE-ART OFFICE

Highly experienced and farsighted Directors of Company
Shri Sanjay Bansal, Vikas Bindal, and Raghav Bansal

Rohtak (Haryana) based, counted amongst the reputed, creditworthy, and most progressive wholesale flat glass business firms/companies of Northern India – M/s Infinity Tirupati Glass Pvt. Ltd., which for the past 20 years (since 2005) has been engaged in the business of all types of flat glass – clear and tinted float glass, reflective glass, thin and thicker glass, lacquered glass, mirror, sheet and figured glass, as well as in imported glass such as extra clear glass, fluted glass (colored fluted, normal fluted, extra fluted), lacquered glass, designer glass, mosaic glass, glass bricks, and colored mirror, etc., has once again carried out a major expansion of its business by establishing another newly constructed warehouse in

Rohtak itself, spread over an area of 15,000 square feet, which was formally inaugurated on the auspicious occasion of Janmashtami (16 August 2025) by the family members after duly performing worship and rituals. M/s Infinity Tirupati Glass Pvt. Ltd. keeps on expanding its business rapidly. Earlier also, two warehouses which are located in Rohtak and one warehouse in Panchkula, have a total area of 15000, 15000, and 50000 square feet respectively, thus making the company's total four warehouse area 95,000 square feet.

The highly experienced and farsighted directors of M/s Infinity Tirupati Glass Pvt. Ltd., Shri Sanjay Bansal, Vikas Bindal, and Raghav Bansal, during a conversation with this magazine's Executive Editor

Abhishek Sharma and Associate Editor Raja Bhardwaj during their visit to Rohtak, briefed that at present we have four warehouses and out of which we were also shown two warehouses. And when we visited those warehouses, we found almost the entire range of domestic and imported glass in huge quantities. All the directors of the company, continuing in unison, also stated that we always keep sufficient stock available with us so that we are always ready to serve our valued customers, and cranes have also been installed in all warehouses for the purposes of quick loading and unloading. On the strength of all these facilities, supply of domestic and imported material is being carried out not only in its home state Haryana but

also across Northern India. Along with gaining name, fame, and work, the firm is moving towards the peak and year after year is also setting new records. It is also an absolute truth that in the field of business, the foundation of any firm/company's 'commercial reputation' mainly depends on that firm's 'business commitment' as well as 'transactions,' and this positive 'commercial reputation' of a firm is not built overnight or in a short span of time, rather it takes a long time to build this reputation. But this company has shown all this within just 20 years of its business tenure and along with that has also made remarkable commercial progress. The stature of Infinity Tirupati Glass Pvt. Ltd. has now grown so much that under its shade many employees are providing their services and earning their livelihood.

It is to be noted that among

the directors of M/s Infinity Tirupati Glass Pvt. Ltd. are 51-year-old Shri Sanjay Bansal, 36-year-old Vikas Bindal, and 26-year-old Raghav Bansal, whose educational qualifications are M.Com, M.Tech in Bio-Tech (Chandigarh Group of Colleges), and BBA respectively, and in conduct they are extremely humble, well-mannered, farsighted, and successful businessmen. From young entrepreneurs like Shri Vikas Bindal and Raghav Bansal, the country's flat glass industry and trade have a lot of hopes and expectations.

M/s Infinity Tirupati Glass Pvt. Ltd. is working as an authorized wholesale dealer and stockist of the material of companies engaged in the manufacture of flat glass in the country, such as Gold Plus Glass Industry Ltd., Saint-Gobain India Pvt. Ltd., Asahi

India Glass Ltd., Gujarat Guardian Ltd., Sisecam Flat Glass India Pvt. Ltd., Emerging Glass India Pvt. Ltd., Gopal Glass Works Ltd., Nannumal Glass Works, etc.

JAIN GLASS STUDIO ESTABLISHED A GRAND AND HUGE VALUE-ADDED GLASS SHOWROOM FILLED WITH BEAUTIFICATION AND EXPANDED THE BUSINESS THROUGH INSTALLATION OF LASER MACHINE ON THE OCCASION OF GOLDEN JUBILEE YEAR.

The visionary founder of the firm, Mr. Rajkumar Sethi and his son, Mr. Ravi Sethi along with the Chief Editor of the magazine, Mr. Umesh Dutt Sharma and Executive Editor, Abhishek Sharma

World-renowned as "Pink City," Jaipur (Rajasthan) based M/s Jain Glass Studio, in the year 2021, established a grand and magnificent value-added glass showroom full of beauty and elegance, which is truly worth

Mr. Amit Jain

seeing and showing, its "splendor" is captivating at first sight. In this showroom, a wide range of all types of value-added glass and glass products is displayed in such a way that their valuable customers/architects instantly like the products at first glance. This range includes decorative mirrors, designer mirrors, antique mirrors, colored mirrors, LED mirrors, 2D and 3D mirrors, S.S. mirrors, metal frame mirrors, artwork mirrors, ultra-clear mirrors, aluminum frame mirrors, decorative glass, decorative modern glass consoles, glass bricks, EVA/fabric glass, digital printing glass, extra clear glass, fluted glass, patterned glass, slim profile glass partitions, aluminum and UPVC doors-

windows, and many more, which are to be used for interior and exterior decoration purposes in bungalows, mansions, hotels, commercial interiors, showrooms, etc. M/s Jain Glass Studio has, along with all these excellent quality products, achieved such special mastery in the processing of "V-grooving glass" that from the perspective of quality, not only from its home state Rajasthan but also from other states, a large number of customers come to get their V-grooving glass work done. And once they associate with the firm, they become admirers of the quality of its products and shower it with abundant praise.

It is to be noted that Jain Glass House (later renamed Jain Glass Studio) was established 50 years

Mr. Ravi Sethi and his wife Mrs. Pooja Sethi

ago in November 1975 by Shri Rajkumar Sethi and his brother-in-law Shri Poonam Chand Jain (now deceased) in Maharani Gayatri Devi Market (MGD Market) as a retailing firm of flat glass. Thus, in November 2025, this firm will complete 50 years, and therefore, the year 2025 is also the Golden Jubilee Year of the firm. On this auspicious occasion of the Golden Jubilee Year, 75-year-old Shri Rajkumar Sethi, his son Shri Ravi Sethi, his wife Smt. Pooja Sethi, and Shri Rajkumar Sethi's nephew Shri Amit Jain (son of late Shri Poonam Chand Jain), while sharing information with this magazine's Chief Editor Shri Umesh Dutt Sharma and Executive Editor Abhishek Sharma during their visit to Jaipur, stated that we have further expanded our business by installing, in September 2025, an imported ultra-modern, advanced technology-based laser glass

machine, through which another link has been added to our product range. With the installation of this machine, the firm has received a golden opportunity to work with complete accuracy, thereby enabling us to serve our valuable customers with even higher-grade service.

There is no alternative to glass

Among various types of building materials, glass is the only amazing and unique material which, due to its inherent special qualities such as transparency, light transmission, cleanliness, and dazzling brilliance like a diamond, embodies within itself, as a unique combination, both "great utility" and "aesthetic sense" together. There is no substitute for glass. It is so "clean" and transparent, like the sacred Ganga water, that even if a hair is placed beneath a thick sheet of glass, it can be seen clearly. From

the point of view of both "utility" and "aesthetic sense," in modern buildings or any type of vehicle, glass glazing has now become such an indispensable necessity like the skin of the body, for which there is no alternative. Just by imagining what the plight of a body would be without skin, you would shudder in alarm, and in the same way, if the glazing or covering of glass, considered the skin of modern buildings or vehicles, is not applied, then these will remain bare and naked like primitive humans. "Skin" and "clothing" not only protect the body but also add to its "aesthetic sense." Similarly, no matter how expensive a building or vehicle may be, until it is covered with glass glazing or glass-like garments, it will remain bare and naked like a primitive human and will also not be protected from the environmental perspective. Thus, glass has its own unique,

unparalleled, and wonderful world of marvels, in which Jaipur, Rajasthan-based M/s Jain Glass Studio is also included as an artistic and branded name, where under one roof not only all types of flat glass but also innovative decorative designer glass, along with various other value-added processed glass and glass products, remain always available. Along with this, the firm also provides complete solutions to all kinds of problems of its valuable customers, from glazing concepts to installation.

Manufacturing Facilities of the Firm

◆ V-grooving machine

- ◆ EVA/fabric machine
- ◆ Digital printing machine
- ◆ Laser cutting machine
- ◆ Profile bending and CNC cutting machine

It is also to be noted that at present the 75-year-old founder of the firm, Shri Rajkumar Sethi, and his nephew Shri Amit Jain are jointly managing the value-added glass factory very efficiently. Shri Sethi, despite his advanced age, still gives full time in the factory like a true karma-yogi, and even now he looks completely active - physically and mentally. The younger generation should learn from him how, even at such an age, one can remain fully alert and

devoted to one's business. At the same time, Smt. Pooja Sethi is fully handling all the responsibilities of the new showroom, and 48-year-old Shri Ravi Sethi is putting in his utmost effort, working with full dedication in the marketing/purchasing and financial responsibilities of the firm and is dedicated to take the firm to new heights. It is also to be noted that all members of the firm are not only fully dedicated to their business but are also very sociable, well-mannered, and humble businessmen. Along with this, they are also always ready for hospitality.

The best heating system in its class

Manufacturing capacity to temper glass up to 16'x8'

Most typically, flat tempering end product quality challenges are caused by an inefficient heating system in which heating and convection control is limited. This challenge is known all too well in super Low-E production, but it is also valid in clear and low-iron glass production. Ineffective control of convection causes glass bending in the heating stage, which in turn, causes an optical defect in the centre of the glass.

In the RC200™, the convection system is a unique combination of individual and evenly spaced convection nozzles for uniform glass heating. This Tamglass Vortex™ convection system provides the best control of glass heating in its class.

“What's especially important for us in tempering of architectural glass panels is the capability of the furnace to minimize iridescence and assure spotless quality well above current standards.”

'SUPERFIX' AND 'ROYAL' GLASS PUTTY, MANUFACTURED BY S. S. GLASS INDUSTRIES, TREADING ON THE PATH OF SUCCESS

Mr. Dinesh Singh, Proprietor of S. S. Glass Industries and Mr. Sudersan Raman (Business Head-Tek Bond) along with this magazine's executive editor Abhishek Sharma

Kanjhawla, Delhi based well-known, reputed, creditworthy and progressive firm - M/s S. S. Glass Industries, which for the last 25 years has been engaged in the production of glass putty, is continuously moving forward on the path of progress. The glass putty manufactured by the above firm is being supplied in Northern India. It is well known that although at present the usage of glass putty has decreased, yet 'Super Fix' and 'Royal' brand glass putty, on the strength of their quality, have firmly established in their business field. It is well known that even though silicone has largely taken over glass putty at this time, the manufacturers of

glass putty who are still firmly established in the country are only because of their superior grade quality and high-level reputation. Putty is mostly used for glass fixing in steel, wooden windows and glazing.

The 45-year-old dynamic and visionary proprietor of M/s S. S. Glass Industries, Mr. Dinesh Singh, during his business career, with tireless hard work, true dedication towards work, pleasant conduct and honesty, has created for himself such a distinctive place in the glass putty industry which very few businessmen are capable of achieving. In human life, whether it is a job or business, speech and behavior play a major role along

with work. Mr. Dinesh Singh is endowed with all these qualities in abundance and because of these very qualities, he is committed to take his business towards the peak.

The above firm, along with glass putty manufacturing, deals in Saint-Gobain Tek Bond (silicone), Saint Gobain Architectural Hardware and Autoingress Hardware, which works only for NCR as an authorized distributor. This firm imports convex mirrors (rear view) in large quantities, whose supply is done across the country as per demand, and at the same time has also taken dealership in Delhi market for the sale of Alstone ACP product.

A GRAND OUTLET OF 'GLASS TECH' ADORNED WITH AESTHETICS

M/s 'Glass Tech', counted amongst the well-known, selected, reputed and trusted trading firms of Guwahati (Assam), has such a grand outlet adorned with beautification, which has been engaged since the last 20 years (2005), in the wide range of value-added processed glass and glass products with all types of flat glass clear and tinted float glass, reflective glass, lacquered glass, mirror, designer glass, architectural toughened glass, insulated glass, laminated glass, along with diamond-like crystal clear beveled glass, textured glass, fused glass, etched, color-etched glass, polished glass, acid work, colored and fancy mirror, for the purposes of interiors and exteriors, all types of glass such as fluted glass, EVA / fabric / laminated glass, LED mirror, aluminum doors / windows /

partitions, shower cubicles, and complete range of architectural glass hardware have been displayed in such a manner that their valued customers get to see the live range of all these products under one roof, making it very convenient for them to select the products.

The dynamic and farsighted proprietor of M/s 'Glass Tech', 45-year-old Shri Rajnikant Prasad (affectionately called Mintu), who is a B.C.A. graduate, has deep experience in flat glass business. During his business career in glass, he has also earned a considerable high-level reputation through tireless hard work, business honesty and skillful behavior, and on the strength of this reputation, everyone is always eager to do business with him. M/s 'Interiority' is an associate firm of M/s 'Glass Tech' whose

proprietor is Mrs. Paulomi Prasad (wife of Shri Rajnikant Prasad). Shri Rajnikant Prasad's personal business is only 20 years old, but his flat glass business experience is much more than that, because M/s Glass Corner of Guwahati is their ancestral glass business, which for the past 42 years (1983) has been counted among the leading and highly developed wholesale and retail firms in the field of automotive and flat glass not only in Assam but also in the North-East. It was established by his father Shri Ramakant Prasad, and at present the business operations of the above firm are being carried out by Shri Shashikant Prasad, and it was in this very firm that Shri Rajnikant Prasad began his initial business career under the guidance of his deeply experienced father, from which he is getting full benefit.

NEOTUFF GLASS SYSTEMS BEGINS PRODUCTION OF UPVC AND ALUMINUM DOORS, WINDOWS FROM A STATE-OF-THE-ART, ADVANCED TECHNOLOGY PLANT.

Highly experienced and farsighted proprietor of the firm, Shri Abhishek Prasad

From ancient human civilization to modern-day buildings, at different times, windows and doors made of various types of building materials such as wood, steel, aluminum, fiberglass/vinyl/PVC/UPVC have been in practice as an indispensable requirement. In ancient times, for a long period, wooden windows and doors were widely in use, but later, due to the heavy increase in demand for timber caused by the growing pressure of population, indiscriminate felling of trees led to the shrinking of forests, and because of environmental reasons, governments began to prohibit tree cutting. Thus, due to the scarcity of wood, the prices of

wooden doors, windows, and furniture gradually increased heavily, and as a result, alternatives such as steel, aluminum, fiberglass, PVC, UPVC windows and doors started gaining popularity.

In Europe, America, and many countries of the world, anodized and coated aluminum doors and windows as an alternative to wood have been in practice for quite some time. But for the last few decades, just as aluminum windows, partitions, and doors began to be widely used in place of wood, similarly, in recent years, UPVC (unplasticised poly vinyl chloride) windows, partitions, and doors have also begun to be widely adopted on a

large scale. In India too, keeping in view of their growing popularity, many farsighted entrepreneurs / businessmen of the country have also taken steps toward the manufacturing of UPVC windows and doors.

M/s Glass Co of Guwahati, Assam, a well-known reputed firm, has very recently, under its business expansion program, commenced the production of superior grade UPVC and aluminum windows and doors under the brand 'Neotuff Glass System' (Neotuff Doors n Windows).

The proprietor of the firm, Shri Abhishek Prasad (son of late Ashok Prasad), while giving this information, stated that keeping

in mind the growing demand for UPVC doors and windows in the Indian market, we have developed excellent and elegant window systems made of 'UPVC' and for their manufacturing, all types of advanced technological machinery have been installed in the newly established factory situated at Guwahati, Assam, with the latest technology. The production capacity of this manufacturing unit is approximately 55 doors/windows. The firm uses German profile 'Salamander' in these UPVC products. It is well known that along with UPVC doors and windows, the above firm has also started the manufacturing of aluminum doors, windows, and partitions, in which 'Alupure' profile is used.

Shri Abhishek Prasad further stated that in the country, the business future of UPVC doors, windows, and partitions is extremely bright and full of abundant possibilities because the inherent unique features of high-performance architectural UPVC

windows and doors products are as follows –

- ◆ weather proof
- ◆ termite proof
- ◆ corrosion proof
- ◆ fire resistance
- ◆ water resistance
- ◆ zero maintenance
- ◆ energy efficient
- ◆ light weight
- ◆ sound insulation
- ◆ environment friendly
- ◆ architect's delight

The deeply experienced and farsighted proprietor of M/s Glass Co, Shri Abhishek Prasad, while talking to this magazine's chief editor Shri Umesh Dutt Sharma and executive editor Abhishek Sharma during their Guwahati visit, stated that in March 1993, as a joint venture of Guardian Group of America and Modi Rubber Ltd., the revolution of world-class float glass commenced, and since then, in the past 32 years, the domestic flat glass industry trade has witnessed revolutionary changes in terms of heavy capital investment, technological upgradation, production capacity,

and demand, and as a result, those entrepreneurs and businessmen who, in the changing scenario of this industry trade, have timely brought about appropriate changes in their business practices, are continuously moving forward on the path of progress. In this direction, since the establishment of our firm in 2006, we too have taken many desired steps for the advancement of our business and started value-added glass processing of all kinds.

The 33-year-old proprietor of M/s Glass Co, Shri Abhishek Prasad, who has received higher education, is such a farsighted entrepreneur/businessman of progressive ideas who has expanded his business from time to time. Shri Abhishek Prasad started his business career from the glass trade established by his father Shri Ashok Prasad (who passed away on 1 May 2024), and since then till today, by bringing about new and radical changes in his business, he has been moving toward the peak.
